OAKLAND STREETCAR MEN VOTE TO STRIKE

SIX SUITS ARE FILED IN SUPERIOR COURT; \$23,000,000 INVOLVED

Oakland Bank of Savings, Union Trust and Mercantile Trust Commence Separate Actions MANY DEFENDANTS ARE NAMED

Three banking institutions holding trust mortgages aggregating \$23,600,000 secured on bonds covering the operative properties of the Peoples Water Company, today commenced six suits for foreclosure in the Superior Court.

The trust concerns are the Union Trust Company of San Francisco, the Mercantile Trust Company of San Francisco and the Oakland Bank of Savings, the latter of which holds \$2,000,000 in bonds.

That the suits are a necessary step in the reorganization scheme, it was declared, and they will in no way prevent a satisfactory conclusion of negotiations now pending between all parties interested to reach some agreement as to the best plans for the reorganization.

While the Peoples Water Company is at present the holding corporation, practically, of the subsidiary water companies which were absorbed years ago by the old Contra Costa Water Company, the six voluminous suits are directed against the respective original companies by the banking houses which hold their bonds.

The defendants are the Oakland Water Company, the Contra Costa Water Company and the Alameda Artesian Water Company, whose bonds, issued at different periods, many years ago, are held by the Union Trust Company, who are represented in the actions by Attorneys Heller, Powers and Ehrman of San Francisco; the East Shore Water Company and the Peoples Water Company, whose bonds are held by the Mercantile Trust Company. Attorneys Morrison, Dunne and Brobeck represent the plaintiffs.

The Oakland Bank of Savings is suing the Contra Costa Water Company to foreclose upon \$3,000,000 worth of bonds issued in 1894. Attorney Charles A. Ruggles appears for the local bank.

Since July, 1914, following the financial embarrassment of the Peoples Water Company in meeting their bond interest payments, when its affairs were placed in the hands of a re-funding committee consisting of large stockholders, efforts have been made to bring about a solution of the problem confronting them.

Meetings of the stockholders and the bondholders were held in San Francisco and various plans proposed for the reorganization. Of the total amount owed and on which foreclosure is asked, approximately \$8,000,000 has been refunded. It is explained.

STEFANSSON SAFE

VIDZY TAKEN BY TEUTON HOSTS

Field Marshal's Armies Flank Vilna and Dvinsk

VIENNA, Sept. 17, via Berlin, by wireless to Tuckerton, N. J.—An Austrian submarine, commanded by Lieutenant von Trapp, torpedoed and sank a large British transport a few days ago in the Southern Adriatic, according to an announcement made here today.

HINDENBURG IS ADVANCING

BERLIN, via London, Sept. 17, 3:27 p. m.—Field Marshal von Hindenburg's forces, which have flanked Vilna and Dvinsk, cutting the railroad between those cities, have made a further advance to the east. The war department announced today the capture of Vidzy, about thirty-five miles south of Dvinsk.

MORE ARTILLERY BATTLES

PARIS, Sept. 17, 2:30 p. m.—The report of the French war office on the progress of hostilities, given out this afternoon, dwells upon the continuance of severe artillery engagements, particularly in the vicinity of Souchez and Arras; between the Somme and the Aisne and between the Aisne and Argonne.

20 GERMAN U-BOATS LOST

LONDON, Sept. 17.—The Germans have lost twenty submarines since the beginning of the war, according to an editorial note in Motorship and Motorboat, while the British losses have been only seven, including the E-7, the destruction of which was announced today. When the war commenced, the paper declares, Germany had eleven seagoing submarines and sixteen of a smaller type, while up to June 1 ten new boats had been added. The assertion is made that the Germans now have only fourteen seagoing underwater boats, two of which are in the Mediterranean.

RUSSIANS ADMIT RETREAT

LONDON, Sept. 17, 11:45 a. m.—Petrograd admits the Russians are falling back in the direction of Pinsk, capture of which was announced yesterday by the Germans. Occupation by the invaders of this town may be expected to facilitate greatly the progress of Field Marshal von Mackensen's forces through the Pripiet marshes.

Owing to the protraction of the Duma, domestic affairs are occupying the attention of the Russians. The effect of this incident on the military situation, as is indicated by the proclamation of General Ruzsky, Russian commander in the north, calling upon workmen not to slacken their efforts to keep the army supplied with munitions.

Although no official reports have been received recently from French or British sources, severe fighting seems to be under way again on the Gallipoli front. The Turks, according to their reports, have made several successful attacks in the region of Anafarta. Athens and Rome continue to send out reports that the defensive power of the Turks is weakening, but nothing definite has been received in confirmation.

Dispatches from Greece express strong belief that Turkey and Bulgaria have definitely reached an agreement, but in the Near East it is not believed this will lead to actual participation in the war by Bulgaria on the side of the central powers. Nor is an immediate offensive by Austria-German forces expected against Serbia.

Artillery combats continue on the western front. The German reply to French guns is growing in intensity.

Paraders Score Efforts to Loan Billion to Allies

Demonstration in Wall Street Includes Flaming Banners

NEW YORK, Sept. 17.—Opponents of the loan to the allies carried their campaign into Wall street today and announced their sentiment from flaming placards in front of the office of J. P. Morgan & Co.

"Wall street's shame," read one of several large signboards held aloft by leaders of a file of men who marched through the financial section as a protest against establishing the loan. Another read:

"The money trust is lending billions of American money to bankrupt England, France and Russia."

The procession ended with a man carrying a large sign on which was painted in red, white and black: "Billions for King George."

The paraders stopped in front of the Morgan offices. A crowd collected and detectives ordered them to move on.

AN EARLIER SCENE

Earlier in the day a large man dressed in a bright red coat and blue breeches, which he said were emblematic of the British army uniform, sauntered through Wall street and stopped on the sidewalk in front of the Morgan offices. A diminutive straw hat, whose crown was not larger than a silver dollar, rested on his head and in his hand he carried a small colored banner on which was written sentiments similar to those displayed later by the paraders.

The crowd which immediately surrounded him choked the street for several minutes. The police finally sent him away.

GERMANS SEE PLOT

BERLIN, Sept. 17, by wireless to Springfield, N. Y.—The Overseas News Agency says today:

"The Central Association of German banking interests informs its members that owners of American securities deposited in London banks have been advised by London banking interests to sell these securities, profiting from the rate of exchange on New York. The real purpose, however, is to make useful German-owned American securities deposited in England, the marketing of which would improve the exchange rate. Therefore the members of the association are warned against authorizing such sales."

\$750,000,000 May Be Total of Allied Loan

NEW YORK, Sept. 17.—Another secret meeting, the third within three days, was held today between members of the Anglo-French financial commission and representatives of big New York, Chicago, Boston and other out-of-town banking houses, who are endeavoring to reach an agreement on the proposed mammoth credit loan to Great Britain and France.

No further word was forthcoming from the commission today, but brief statement of last night, saying so much already had been accomplished that it was hoped a definite statement could soon be issued telling of the progress made.

The proposal said to have been made by American bankers that the commission would be given a loan of half the sum originally asked, was widely credited today. This proposal has not appeared to be altogether acceptable to the commission, and it is believed the sum will be increased by \$100,000,000 or possibly to \$750,000,000 before the negotiation ends.

Put American in Cell With Slayers

NEW YORK, Sept. 17.—Dr. H. C. Leineweber, who is connected with the music division of the Congressional Library at Washington, accompanied by his wife and child, arrived today on the Russian steamer Kursk from Archangel, and told of being arrested by the Russian police, stripped and thrown into a cell with five murderers.

ARCTIC LAND FOUND BY EXPLORER

Expedition's Success Beyond Party's Expectations

NOME, Alaska, Sept. 17.—Steffansson succeeded beyond all expectations in his exploration. He discovered new land southwest of St. Patrick's Land. He is now on Banks Land, outfitting for continuance of explorations to the westward to ascertain the full extent of the new land.

FIRST DEFINITE FINDINGS

OTTAWA, Ont., Sept. 17.—First definite findings that the world has received from Vilhjalmur Stefansson, the Arctic explorer, for a year and a half were received today by the naval department, which sent him and his companions on their perilous trip to the frozen north. The advice from the explorer were meager, but sufficient to show that he and his companions are safe. Stefansson advised that he was in Nome, Alaska, in the form of a message, signed by himself and dispatched from Baillie Islands on August 31. The message from Stefansson was to the naval department and was dated from Baillie Island, August 31, via Nome, Alaska, September 15, and stated that he was to continue his northern exploration. The message follows:

"As unavoidable delays threatened and the running cost of chartering Polar Bear was high, I purchased her and engaged her on terms similar to Karluk. Engaged Hoff, engineer of schooner Ruby, to take place of Blue of Alaska. Engaged five extra helpers for southern parts, who have ample outfit for one year, and Polar Bear for two years. Plan to continue northern exploration to 145 west and 82 north, if northerly course is secured." Stefansson's determination to proceed with his explorations, despite the loss of the Karluk, the chief vessel in his original expedition, shows the caliber of the men and his news was received with gratification by officials here.

KARLUK REPLACED

The Polar Bear, engaged by him in place of the Karluk, is a well-known and tried Arctic vessel, and he seems to have gathered supplies for a further stay of two years in the Arctic zone.

Baillie Islands, from which Stefansson's message is dated, are east of the mouth of the Mackenzie river, towards Banks Land, and lies in latitude 70 north, longitude 127 west.

The coasts of Baillie Islands, which are separated from Cape Bathurst by a narrow channel, are so flat that few boats that have reached there have had to anchor nearly a mile from the beach. Captain Pullen camped on the larger island in 1850, trying to get around Cape Bathurst, but he was unable to do so, on account of the ice, which was piled up on the islands and in the channels.

WASHINGTON GETS REPORT

WASHINGTON, Sept. 17.—The first coast guard ship sent to the Arctic waters for the survivors of the Stefansson expedition has just been received here from Nome, where it was dispatched on August 23. Captain Cochran of the coast guard ship

Shoots Self in Head, Sea Cook Will Live

Charles Kretz, a cook 32 years of age, made an unsuccessful attempt at suicide this afternoon by shooting himself through the head in a rooming house at twenty-second avenue and East Twelfth street. The bullet, entering the forehead, came out at the hair line, and Kretz was conscious upon arriving at the Emergency Hospital. Attending physicians say he will live.

Kaiser Hopes Prelate Will Conciliate Poles

BERLIN, Sept. 17, by wireless to Saville.—Emperor William, on receiving the new archbishop of Posen, Dr. Dathor, at the army headquarters in the field, says the Overseas News Agency, said he was certain that the prelate would foster the spirit of concord between the Germans and Poles in the archbishop's district.

KEY ROUTE AND ALL EAST BAY TRACTION SERVICE MAY HALT

Question of Wages or Working Hours Not Involved; Issues Concerns Status of Working Men

EIGHT CITIES MAY BE CUT OFF

Following a meeting held at 2:30 this morning, 1100 motormen and conductors on the lines of the San Francisco-Oakland Terminal Railways voted to go on strike in an effort to enforce closed shop conditions. The men are again at work and no action will be taken until word has been received from the Amalgamated Association of Steam and Electric Railroad Employees of America at Detroit.

90 KILLED IN TRAIN WRECK IN MEXICO

LAREDO, Texas, Sept. 17.—The wreck of a Mexican military train, resulting in the death of ninety persons occurred Wednesday afternoon one mile out of Saltillo, according to advices here today.

The train was on route from Saltillo to Monterrey with a large number of troops. Spreading rails caused it to leave the tracks at a point near a canyon, precipitating two coaches with their occupants to the rocks below.

Soldiers, women camp followers, children and babies literally were ground to pieces in the debris. Passengers who arrived today and who passed the scene of the wreck, said that a huge stack of bodies was visible where they had been piled together preparatory to burial, which would be made in deep trenches. All the dead and injured were Mexicans.

Great Race Track Company Formed

SAN FRANCISCO, Sept. 17.—Immediate organization of a company capitalized at \$650,000 with A. B. Spreckels as president, to build a race track at El Estero, Lower Merced, was announced here today by H. A. Houser and H. J. Moore, racing promoters. The incorporation of the company and the election of officers and directors it was said will be accomplished next Wednesday. It is planned to begin the construction of the track by October 1.

Houser said that the cost of the grand stand, which will accommodate 10,000 persons and the stables to house 700 horses, will exceed \$300,000. The track itself will be a mile overall.

According to the promoters, who lay claim to the original race track concession in Lower California, the track confines will approximate 100 acres. It is planned to hold annual fall meetings lasting one hundred days.

The names of other San Francisco, Los Angeles and San Diego capitalists who are said to be backing the project, were not learned today. It was not known whether Mr. Spreckels would accept the presidency of the corporation, but it is to be offered him.

Two Lose Lives in Texas Hailstorm

EL PASO, Texas, Sept. 17.—Two persons lost their lives and United States Senator Morris Sheppard spent last night in an automobile stuck in the mud, as the result of a violent rain and hail storm in the vicinity. Senator Sheppard was on the way to inspect the Elephant Dam, New Mexico.

CAPITALISTS TO ERECT 11-STORY EDIFICE

Instead of erecting a fourteen-story office building on the east end of the Presbyterian church property at the intersection of Fourteenth and Franklin streets, as at first planned, the Archon Company has decided to erect an eleven-story structure which will cover the entire frontage of 110 feet on Fourteenth street and 295 feet on Franklin street, with provision made for the Fourteenth street frontage to be increased to fourteen stories. The building is to cost \$500,000. The original plan of having a most up-to-date moving picture theater on the ground floor, will be carried out. It is said that this theater

Indictments Against Officials Dismissed

LOS ANGELES, Sept. 17.—The county indictments against Charles A. Elder, W. D. Deebie, George M. Derby and six other officials of the Los Angeles Investment Company, on charges of making false and exaggerated entries in the company's books, were dismissed by Judge "Dad" Sullivan today on motion of the district attorney's office.

Elder, Deebie and Derby were convicted by the United States district court recently for using the mails in a scheme to defraud and were each sentenced to more than a year in the penitentiary and several thousand dollars fine.

Boston Wins Second; Leonard Is Invincible

FENWAY PARK, BOSTON, Sept. 17.—Boston won the second game of the deciding American league series today. Scores: Boston..... 2 R. H. E. Detroit..... 2 3 0

Execution of Spy Is Announced in London

LONDON, Sept. 17, 1:50 p. m.—It was officially announced today that a spy, name not given, was executed here today after a trial.

STEFANSSON SAFE IN NORTH; NEW ARCTIC LANDS DISCOVERED

FIRST WORD HAD
SINCE APRIL 1914

Explorer Sends Word to the
Canadian Govt. From
Banks Land.

By Associated Press.
SEATTLE, Sept. 17.—When Vilhjalmur Stefansson, on April 7, 1914, said good-bye to the ice to his supporting party which was turning back to Alaska, he gave strict instructions that no rescue party should be sent after him in case he were not heard from, but that supplies should be sent to Banks Land. It appears from the news brought to Nome that Stefansson did reach Banks Land before the spring frosts of the Mackenzie delta and it is assumed that Ole Anderson and Storker Storkerson, Stefansson's companions on the ice journey, are safe.

The power schooner Polar Bear, which Stefansson reports purchasing was built in Seattle three years ago for Captain Louis Lane for hunting, trading and adventure in the Arctic. Stefansson's dispatch to Ottawa shows that he is in touch with the southern or Hudson Bay branch of the expedition and that he is directing the movements of the whole expedition.

The southern wing, commanded by Anderson, is engaged in searching the islands and mainland about the mouth of the Mackenzie, charting channels, studying the natives and prospecting for minerals, especially copper. Stefansson, whose dispatch indicates that he will take the Polar Bear into high northern latitudes, is devoting himself to exploration, seeking the Polar continent, which nearly all Arctic explorers say will yet be found.

HISTORY OF SCHOONER.

The power schooner Ruby, which carried Stefansson's dispatches to Nome, endeavored to reach Herschel Island in the summer of 1914 with supplies for the Hudson Bay Company and the northwest mounted police, but was driven back by the unusually heavy ice. She entered at Port Clarence, north of Nome, and early start this summer, delivered her cargo and brought back news of the explorers. The Ruby arrived from Herschel Island on the Arctic coast west of the mouth of the Mackenzie river yesterday afternoon with news that Vilhjalmur Stefansson, the Canadian explorer, who, with two companions, Storker Storkerson and Ole Anderson, set out from Martin Point, Alaska, March 22, 1914, over the frozen Polar ocean to search for supposed new lands in the Beaufort Sea, is not only alive and well, but has accomplished every purpose for which the hazardous journey was undertaken.

Captain S. F. Cottle, master of the Ruby, says that Stefansson is now on Banks Land, east of the Mackenzie, outfitting for continuance of explorations to the westward to ascertain the full extent of the new land he discovered southwest of Prince Patrick's Land. Stefansson discovered a continuation of the continental shelf several degrees west of Banks Land and is determined to continue his explorations to the north and west.

DECIDE TO RETURN.

Stefansson told Captain Cottle that after leaving the supporting party on the ice north of Martin Point he and his two companions set their faces to the north, but after considering their journey ninety days they decided to return to land. They turned backward and landed on the main land at a point near which the power boat Mary Sachs of the Stefansson expedition was wintered. The three men outfitting for another three months' trip. They again went on the west, going north and west and discovering the continental shelf.

Stefansson spent some time exploring this new find, but at length, owing to scarcity of provisions, was compelled to set out on the return journey to land.

The men had been on the ice for nearly seven months. The return to shore was accomplished with great difficulty. The men subsisted on the most meager rations, but kept moving day after day. The dogs were almost famished. Finally the party arrived at Banks Land, continuing worn out. For seven months they had been on scanty rations, but traveling almost continuously.

EXPEDITION DISCOVERED.

Stefansson and his companions made their way from Banks Land, which is uninhabited, to Bailli Island,

VILHJALMUR STEFANSSON, WHO HAS REACHED SAFETY ON BANKS LAND AFTER BEING MONTHS IN THE ARCTIC REGION.

which is visited by whalers. Captain Louis Lane, cruising on his power schooner Polar Bear, found Stefansson and his comrades making their way along the southwestern coast of Banks Land. They were in excellent health and spirits and eager to reach the southern wing of the expedition that they might obtain supplies and continue their exploration. Stefansson had expected to fall in with the Polar Bear just as he did. He immediately chartered the Polar Bear and with Captain Lane proceeded northward at once in the hope of making further discoveries while the sea was open and free of ice. The season was too far advanced, however, and the explorers reluctantly steered for Herschel Island. The Polar Bear was at Herschel Island when the power schooner Ruby, which has been trying for two years to reach Herschel Island, arrived there from Port Clarence with supplies for the government and the Hudson Bay Company.

Immediately upon arriving at Herschel Island, Stefansson, with tremendous energy, began preparations for continuance of his explorations. He purchased the Polar Bear for \$20,000 from Captain Lane and bought also the power boat Gladiator, a small vessel engaged in trading along the coast. After fully equipping these vessels Stefansson sailed "with them" for Banks Land, where he probably is now.

It is the intention of Stefansson to establish a base on Banks Land and continue his exploration from that point. The time for the return of the expedition cannot be foretold, as Stefansson intends to continue until he has fully ascertained the limits of the new land he has discovered. He will also seek new lands.

MEN ON SHORT RATIONS.

With characteristic modesty Stefansson told Captain Cottle that, except during a few days before reaching Banks Land, he and his two companions suffered no particular hardships. Although on very short rations during the entire seven months

on the ice they always had enough food to keep hunger away. They never missed a meal during the whole journey, which was more than Stefansson could say of some of his former Arctic journeys. The modesty of Stefansson may be judged from the fact that he and his companions lived seven months on food designed to last three months.

Captain Cottle reports that the southern party, of which Dr. Rudolph Anderson of Iowa is commander, were all well at last accounts. The only misfortune experienced by the Anderson party was the death of Engineer Daniel Blue of the power boat Alaska, which occurred at Bailli Island in early spring. Blue was one of the original members of the expedition.

Before departing from Herschel Island for Banks Land with the Polar Bear and Gladiator, Stefansson established communication with the southern party and also sent Sweeney east with the power boat Mary Sachs to continue explorations to the westward and establish supply bases for future operations of the southern party.

Jack Hadley, who was a member of the Karluk party, rescued from Wrangell Island last year by the King and Winge, has again joined Stefansson.

Last month vessels arrived at Nome, Alaska, after trading along both the Alaskan and Siberian shores of the Arctic and reported that no trace of Stefansson had been found.

WHITE MAN SIGHTED.

There still remained the hope that he had found refuge on Wrangell Island, where the survivors of the Stefansson expedition ship Karluk sought safety after that vessel was crushed in the ice eighteen months ago. This hope was buoyed up by a circumstantial account reported at Nome last April to the effect that natives hunting seal last winter near Ice Cape, on the Arctic coast of Alaska, reported that they saw a white man marooned on an ice floe which was drifting in a southeasterly direction toward Wrangell Island.

This news was brought to Nome by a carrier from Point Barrow. The letter containing the information did not give the date on which the natives saw the man drifting on the ice, but it is presumed to have been late in January or early in February, of this year.

RESCUE ATTEMPTED.

The hunters immediately hurried out upon the ice to rescue the marooned man, but before they reached the lead separating the floe from the shore ice, a strong off-shore wind sprang up, carrying the ice far to sea. The man was walking slowly in the same direction as the moving ice. The natives were surprised that he had not hailed them before the wind widened the distance between the ice floe and the shore ice. The ice was moving steadily southwest, and unless the wind shifted must have touched Wrangell Island, where food caches were left last summer by the party who rescued the survivors of the Karluk.

With Stefansson when he left Martin Point, late in March, 1914, were Ole Anderson and Storker Storkerson, men said to be as strong and resourceful as Stefansson himself. They had rifles, a sledge that could be used as a boat, abundance of food and other supplies.

JULIAN HULANISKI DIES AT MARTINEZ

RICHMOND, Sept. 17.—Julian L. Hulaniski, brother of P. J. Hulaniski, editor of the famous Thinkograph, died during Wednesday night from heart failure. The funeral will be held tomorrow. Services will be conducted by the Masons, of which he was a member. The Rev. Calfee, former pastor of the Wesleyan Methodist Church, will assist in the services, which will take place at the chapel of Sunset View Cemetery, where the interment will be made.

Decayed was 55 years of age. Several months ago he was taken seriously ill and removed to Martinez.

PARTY PENETRATES POLAR REGIONS

Rescuers Not to Find Daring
Discoverer, Is His Ex-
pressed Wish.

(Continued From Page 1)

Bear reported that he had been at Point Barrow, June 30, and had stopped at Cape Prince of Wales on his way to Nome without finding any trace or news of the explorers.

No vessel had passed Point Barrow for the eastward," he reported, "and no news has been heard of the Canadian Arctic expedition nor Stefansson himself."

The Bear is now at Unalakleet, 800 miles from Nome. It will be impossible for her to go north again before spring, when the ice breaks up in the Bering straits.

BIG LAND GRANT PLANS NOT FORMED

Delegates to Salem Conference
Seek Solution in Di-
verse Suggestions.

By Associated Press.
SALEM, Ore., Sept. 17.—With its principal set speeches disposed of at yesterday's sessions, the Oregon Land Grant Conference faced, upon reconvening today, the task of formulating the various ideas advanced into some tangible plan for presenting to Congress as a suggestion for disposal of the land with due regard to the protection of all interests. Many of the three hundred delegates present considered that this would be found a heavy task, owing to the wide divergence of opinion as expressed by the speakers of yesterday.

It was considered by some that the most probable forecast of the action likely to be taken was the one predicting a request upon Congress by the conference for the appointment of a committee of congressmen to come to Oregon and hold hearings to determine more fully the needs of the situation. This plan, however, did not have the unanimous support of the delegates to the conference, and it was apparent that several others would be presented and advocated at today's session.

CHINESE CAPITALIST IS SPEAKER BEFORE CLUB

Monlin Chiang, one of the two local Chinese who represent the group of Chinese capitalists who are contemplating the establishment of a line of steamers to ply between the Orient and parts of the Pacific coast, was the guest of honor and speaker at a luncheon of members of the Oakland Commercial Club at noon today. Professor Thomas H. Reed, associate professor of government at the state university, also addressed the club. Trustee Chang spoke of the modern methods of business education in China. The Chinese is a graduate of the state university, and has taken a post-graduate course in Columbia University, New York. Chiang has been taken over the Oakland waterfront, and is now preparing to take the matter of making Oakland one of the ports of call of the projected steamship line up with the men he represents.

OAKLAND ORCHESTRA TO PLAY AT EXPOSITION

The Oakland Elementary School Orchestra will give a concert at the Palace of Education at the Exposition tomorrow afternoon at 2:30 o'clock. Glenn H. Woods, director of music, and Herman Truitt, supervisor of bands and orchestras, have arranged for the entertainment in which the orchestra, recognized as one of the best school musical organizations in the state, will have an opportunity to show its skill to thousands of Exposition visitors.

The following is the concert program. March, "The Oarsman".....Orchestra. Overture, "Evening Slumbers".....Orchestra. Bell solo, "Aloha".....Leon Schultz. Spanish dance, "Mandala".....Orchestra. March, "The Fort Hunter".....Orchestra.

AUTO RIDERS INJURED.

When an automobile in which they were riding overturned near San Leandro last night Mrs. Violet Schaffner, living at the Royal Hotel, sustained a fractured collarbone and Mrs. E. Wilson, 59 Twelfth street, severe bruises. They were taken to the Emergency hospital in another auto and treated by Dr. A. C. Smith.

MYSTERIOUS FIRE.

LOS MOLANOS, Sept. 17.—Fire destroyed the office, bunkhouse and tool house at the South Hop ranch, north of Tehama, causing a loss of \$1500. The origin of the fire is unknown. Only by prompt efforts on the part of the crew of the men who were bailing hops, was the rest of the plant saved.

NEW ORE PROCESS.

BROWNVILLE, Sept. 17.—The B. A. Campbell mine at this place has taken a new lease of life since the introduction of a new process for handling the ore. It is the first continuous cyanide process to be tried in this country. The results are satisfactory.

YOUTH THREATENS DEATH.

RICHMOND, Sept. 17.—W. H. Harter, a youth of 16, was arrested and taken to Martinez in the county jail, where he is mentally incompetent. He had threatened to kill Scott and then threatened to kill Scott and then to commit suicide. They were taken to the Emergency hospital in another auto and treated by Dr. A. C. Smith.

What Every Mother Knows.

Every Mother knows that during the trying period before baby comes the use of Mother's Friend, a dependable external remedy obtained of druggists, is absolutely necessary so as to avoid the pains caused by undue tension upon the cords, ligaments and muscles resulting from muscular expansion. Under the surface is a network of fine nerve threads and by applying Mother's Friend all these are soothed and helped. Expansion is natural and pains are relieved. In many cases nausea, morning sickness and other distressing conditions are avoided.

CHINO-JAPANESE TREATY DISCUSSED

Newspapers Skeptical as to
Whether Nations Will Ac-
cept New Conditions.

By Associated Press.
PEKING, Sept. 17.—Mr. Hsiao, the Japanese minister, is at conference with Chinese officials, arranging details of the new treaty relating to South Manchuria, which is to be signed in the near future.

It was agreed by Japan and China that the treaty relating to South Manchuria was to be signed in the near future. The Japanese minister, Mr. Hsiao, is at conference with Chinese officials, arranging details of the new treaty relating to South Manchuria, which is to be signed in the near future.

BULGAR KING WOULD RULE BYZANTINES

Kaiser Offers to Restore Scepter as Reward for "Benevolent Neutrality."

By Associated Press.
TURIN, via Paris, Sept. 17, 5 15 a. m.—The Stampa says it has learned from a "diplomatic source" that Germany has made extensive promises to Bulgaria to obtain that nation's benevolent neutrality. Among them was the stipulation that King Ferdinand should have the crown of Byzantium.

This dispatch, which lacks authoritative confirmation, would indicate on its face a promise to Bulgaria of a radical extension of its boundaries. The ancient Byzantine empire included all the territory now held by the various Balkan nations and European Turkey.

GREECE CALLS RESERVES.
By Associated Press.
PARIS, Sept. 17, 5.05 a. m.—A further large number of troops is reported by the Balkan Agency to have been called to the Greek colors. The Athens correspondent of this agency says a royal decree has been issued for the mobilization of reservists, classes 1882, 1887, 1888, on October 1.

"RUSSIAN" PAPER SILENCED.
By Associated Press.
ATHENS, Greece, Sept. 16, via Berlin and London, Sept. 17, 12:43 p. m.—There are indications that the relations between Greece and Bulgaria are improving. In the most influential circles the conviction is said now to have been reached that neutrality must be the only policy of Greece.

The utterance of Premier Radoslaw of Bulgaria, expressing the hope for more cordial relations with Greece, have made a deep impression, as has also the declaration that the future of the Balkans depends upon an understanding between these two nations.

The pro-Russian newspaper Mir has been suppressed.

SERBS MORE READY.
By Associated Press.

PARIS, Sept. 17, 5.20 a. m.—"Serbia has done her duty fully as an ally," said Premier Pachitch, as quoted by the correspondent at Nish of the Petit Parisien.

"First, she has soundly beaten the Austrians in the field. Second, she has made the concessions asked of her by her great allies, in order to bring Bulgaria into the Balkan entente."

"Whether Bulgaria will come into the entente is another question. The Balkan states are deeply concerned over the reported concentration of the enemy north of Serbia for the purpose of going to the assistance of the Turks. As a matter of fact, no army of the enemy has assembled on the Danube. We have continuous and detailed reports from French aviators on this point."

"Moreover," the premier added in a tone of deep conviction, "the Serbian army has been reorganized, and is well supplied with munitions. It would render most difficult for the enemy's crossing of the mountainous country. He would require at least 450,000 men to make the attempt. Where would the Germans find them now?"

ALLIES LOSE IN BALKANS.
By Associated Press.

BUCHAREST, via Paris, Sept. 17, 1.25 p. m.—"The allies know that in no case may they count on Bulgaria's

Cocoon Oil Makes a Splendid Shampoo

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulberry cocoon oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly.

The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulberry cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Advertisement.

CARMEN VOTE STRIKE AT MIDNIGHT SESSION

(Continued From Page 1)

covering trainmen and track clerks, which has been in effect since February 25, 1908.

"The present agitation appears to grow out of the discharge of two deckhands who are not covered by the agreement, which discharge the officers of the company have found, after careful investigation, is for good cause."

OFFICIAL UNION ACCOUNT.
The following official account on which the company based their action is from the "Fifty-Day Labor Review," official paper of Alameda county union men:

"Some four weeks ago the San Francisco-Oakland Terminal Railway discharged two men who were among the first deckhands on the Key Route to join the union, although in the working agreement now operative between the company and Carmen's Union, Division 192, they are not to discriminate against any man on account of his union affiliations."

"Of course, the company claimed the men were discharged for some good and sufficient reason. The company's official statement by the Key Route Grievance Committee this was deemed to be only a flimsy excuse and the reinstatement of the men was demanded. And here is where the trouble started. The company officials absolutely refused to meet any committee or officers of the union thereby violating Section 1 of the agreement, which reads as follows:

SECTION 1.
"It is agreed that the properly accredited officers of the union will be recognized in discussing any grievances of employees. Grievances shall first be presented to the superintendent, and if a satisfactory adjustment cannot be made appeal shall be had to the general manager. Should there still be no satisfactory adjustment, the grievance shall be presented to the board of directors."

"All of the above provisions were complied with by the union and the company in every case refused to meet the men, thereby leaving no avenue of action open to them except that taken."

"Right here, the men want it distinctly understood there has been no demand made for an increase in wages or change in working conditions, nor was any such change contemplated. The matter hinges entirely upon the unjust discharge of these two men for joining the union, and if allowed to stand unchallenged would mean the eventual disruption of the union, and this seems to have been fully realized by the men as indicated by the vote."

MEETING CALLED.

"The big meeting was called to order at 2:40 a. m. this morning by President

Lebowitz. It was found that nearly the full local membership was present, there being between 800 and 900 men in the hall. The first order of business was reading the report of R. Bendle, chairman of the Key Route Grievance Committee."

Then follows a resume of a letter read by Bendle to the men, in which he said that the entire trouble grew out of the discharge of John Gannon and James A. Knowles, deckhands in the employ of the Key Route company, following their affiliation with the Carmen's Union. Bendle's letter says that the grievance committee, of which he is chairman, called upon Captain Rasmussen, superintendent of the Key Route, for the corporation, and George H. Harris, the general superintendent, and were refused audiences."

POINT OF VARIANCE.
The company officials, Bendle reported, said that the two deckhands could not be considered for reinstatement, as their cases were not considered by the corporation as coming under the provisions of the agreement with the union. The signed statements of Gannon and Knowles, reviewing their cases, follows the Bendle letter. The official statement ends as follows:

"The strike question was submitted to the men, and the result of the election was completed at 4:30. The election board then retired to union headquarters and commenced the count. It requires a two-thirds vote to carry a strike. At the time this report goes to press the count had progressed sufficiently to indicate that the proposition to strike, if necessary, in support of their organization, had carried almost unanimously. This does not mean the men will go on strike immediately. There are other laws and conditions yet to be complied with. First the Amalgamated Association, international body, must be notified. An international officer will then be sent here who will make an effort to reach a settlement with the company. Failing in that he will demand arbitration. Denied arbitration, it will be within his power to call the men out."

Mayor Davis explained today that all the information in his possession showing that there is any likelihood of a strike, has been obtained from newspaper men ringing him up to ask questions."

He said: "There is no strike. I am not in any way concerned in a personal manner with the situation. Any trouble that might result would be a problem for Commissioner of Public Health and Safety Jackson. The matter would be in his department for settlement. I do not see how it would rest with me to take any action. I have not been called upon to assist in arbitrating the matter and I do not intend to cross a bridge until I come to it."

Germany Lets Slaves Inspect Prison Camps

By Associated Press.
BERLIN, Sept. 17, by wireless to Sayville.—The German empress, says the Overseas News Agency, today received three superior nurses of the Russian Red Cross, who have come to Germany to inspect the Russian prison camps.

FORGES CHECK CHARGE.
Archie L. Anderson, a negro janitor formerly employed at the city hall, was arraigned today on a charge of having forged a check with the name of J. A. Stone. He paid the check, which was for \$25 on L. M. Fisher.

Long Note to Britain Completed by Lansing

By Associated Press.
WASHINGTON, Sept. 17.—President Wilson and Secretary Lansing had a long conference on international affairs today just before the secretary left for a ten days' vacation. No pressing developments in any of the situations confronting the United States are expected before Lansing's return.

The note to Great Britain about interference with American trade had been completed. The note is very long and has been in preparation for some time. Its dispatch has been delayed because the United States was unwilling while the negotiations with Germany were at a critical point, to be placed in the position of being forced to protest to Great Britain in order to gain acquiescence by Germany in the viewpoint of the United States on the submarine question.

SHOOT AT BURGLAR.
D. W. Weidt, 823 Wood street, heard a burglar attempting to force a rear window of his home last night. He armed himself and went to the window, where he fired four shots at the man. The burglar escaped by jumping a rear fence.

help on the Gallipoli peninsula," says the semi-official Independence Romania, in an article dealing with the Turco-Bulgarian agreement. "They have lost that part of their diplomatic contest in the Balkans. It remains to be seen how the other part will come out."

"King Ferdinand will leave tomorrow for a week's vacation on the Danube. This fact completely disposes of reports concerning the activities of Rumanian troops on the frontier, which in reality is nothing more than maneuvers."

PROTEST IN BULGARIA.
By Associated Press.
PARIS, Sept. 17, 5:05 a. m.—A dispatch of the Balkan Agency from Bucharest says the leaders of all the opposition parties in Bulgaria have held a meeting at which it was decided to publish an appeal to the country, explaining that under present circumstances the attitude taken by the government is perilous.

The Bulgarian government's decision to make terms with Turkey has met with considerable opposition.

Great Loan Protested by Gymnastic Union

By Associated Press.
ST. LOUIS, Mo., Sept. 17.—A protest against the proposed loan of \$500,000,000 by American financiers to the Anglo-French governments was telegraphed to President Wilson last night by the St. Louis district Gymnastic Union of America, fraternal and athletic organization of German-Americans.

Times carriage.

GAMBLING VERDICT TO BE SET ASIDE

Ukiah's Jury Assessment of
Damages in Violation
of Law.

SAN FRANCISCO, Sept. 17.—Details of
a gambling verdict returned by a jury at
Ukiah, which is a violation of the law,
and will set aside the verdict. The
new trial, were brought to this city to-
day by United States Attorney John W.
Treston, who was opposed for the defend-
ent.

The action was a damage suit. A dam
built across Little river, in Mendocino
county, forty years ago, had proved in-
adequate to prevent the river from
flowing over the dam in the vicinity of
Ukiah, as it did not permit fish to run
down the river. The dam was owned by
John Gordon, owner of the land, made
an unsuccessful attempt to blow out the
dam at the request of his neighbors and
with the consent of the fish commission.
Some time ago, while a freer was run-
ning, several merchants of Ukiah experi-
enced again with gunpowder, and for
only blew out the dam but inundated
three acres of sediment land. Gordon
brought a damage suit for \$300 against
W. B. Coombs and six others. The jury
returned a verdict of \$300 damages.
After they came into court, Treston
looked into the jury room and found
the gambling papers on the table. On
the first ballot they had voted nine to
three for damages. On the second dam-
age of \$300.

It was decided that each man should
put down the amount that should be
paid, the whole to be divided by twelve,
and that would constitute the verdict.
Three men voted \$1, four \$1000, one \$500,
one \$750 and three \$500. This divided by
twelve, gave \$500, and according to the
law such a verdict does not stand.
It is a long time since a gambling ver-
dict has been recorded in this state.

GREAT ROAD CONGRESS IS BROUGHT TO CLOSE

Most Successful in History of Movement,
Is Verdict of Delegates

With the winding up of the "Lessons which right and information in making
of the Congress" in an address by Charles
H. Stern, member of the California State
Highway Commission, in the theater of
the municipal auditorium this afternoon,
the great Pan-American Road Congress,
with its delegates from all parts of the
United States, Canada and a number
of South American countries, was
brought to a close this afternoon.

James H. MacDonald, of Connecticut,
who is here as the personal representa-
tive of Governor Charles W. Gates of
Vermont, who was to have presided at
the congress, declared the congress just
closed the most successful in the history
of the good roads movement in this
country. He said that there had been
more representative men on road mat-
ters present than ever before in the his-
tory of this country's highway associa-
tions.

MacDonald presided at both sessions of
the congress, today calling upon H. K.
Bishop of New York city as the first
speaker. He read a paper on the "Com-
parisons of Traffic and Their Economic
Value."

Bishop said:
"Many highway engineers will con-
cede that the taking of the traffic census
is a waste of time and money, and that
it cannot be used in any way in deter-
mining the kind of con-
struction to be employed in any particu-
lar case. However, the great growth of
the good roads movement and the ap-
propriation of large sums of money for
road improvement and especially the
changed conditions of traffic, have led
him to believe that we cannot get too
much of it."

"Maintenance, Materials and Methods"
was the subject of a paper by A. W.
Dean, chief engineer of the Massachu-
setts state highway commission. He de-
clared that if all roads were properly built
all maintenance problems would cease to
be problems.

Dean said in part:
"The completion of construction of
a roadway surface marks the date when
maintenance must commence.
Maintenance is brought to the lowest
terms when the roadway surface has been
properly built and constructed, which
has been properly designed, and which
withstand existing and anticipated travel
and other conditions, built with good
quality material and workmanship. The
roadway surface built, the main-
tenance problem would cease to be a
problem and there would be little oc-
casion for controversy and discussion by
road makers. This condition will never
be reached, however, and we are now
and generations to come to have
countless problems of maintenance un-
solved."

Officers were elected by members of the
American Highway Association, and a
nominating committee was appointed by
the American Road Builders' Association
at special meetings held in the Congress
headquarters in the Hotel Oakland last
evening. Robert H. Gillespie, New York; James
H. MacDonald, Connecticut; E. J.
Mehren, New York; George W. Cooley,
Minnesota; Dr. Joseph Hyde Pratt, North
Carolina; Henry C. Shirley, Maryland; W.
W. C. Beaty, Illinois; and C. R. Kenyon, In-
diana, directors.

The following nominating committee for
officers to be elected by letter next Feb-
ruary was named by the American Road
Builders' Association:
Robert H. Gillespie, New York; James
H. MacDonald, Kentucky; George E.
Cooley, Minnesota; Samuel Hill, Wash-
ington; W. D. Child, Pennsylvania; B.
Adkins, Louisiana; and L. E. Brandt,
Illinois.

Besides the resolution passed after yester-
day's word war on the floor of the
congress, the congress also adopted
military and commercial highways in
various parts of the country; others were
adopted thanking California state officials
and those of Oakland and San Francisco
for the courtesies to the visitors as well
as the officials of the exposition and the
local press. Another resolution adopted
was one of condolence for Governor
Charles W. Gates of Vermont, president
of the congress, on the death of his son,
which occurred two days before the
opening of the session and prevented his
attendance.

QUESTS AT FETE.
A large number of the congress dele-
gates were the guests last night at a
garden fete and dance given by Mrs.
Adolph B. Spreckels at her studio, 2042
Vallejo street, San Francisco. Mrs.
Spreckels is vice-president of the Cali-
fornia Pacific Highway Association, of
which Samuel Hill of Seattle is president.
Hill was present and made a short ad-
dress. Short addresses were also made
by James H. MacDonald and Major W.
W. C. Beaty of Baltimore, a former
member of the Maryland Highway Com-
mission.

A feature of the evening's entertain-
ment was the staging of a dancing fete
by Lola Full and her girls. Pretty
lighting effects were used in the enter-
tainment, which was held in the gardens
surrounding the Spreckels place.

Tomorrow a large number of the dele-
gates will be the guests of the Oakland
Commercial Club on an automobile trip
to San Jose. Members of the San Jose
Chamber of Commerce will entertain the
visitors at luncheon, after which they
will be taken on a tour of the Santa
Clara Valley. The party will return to
Oakland by way of San Francisco.

The Congress delegates will leave the
city Sunday morning on the return train
which brought them to Oakland. This
train will return by the southern route,
and will make stops at all places of in-
terest along the route.

DOUSTED CLERKS SECURE MANDATE

Writ Issued to Hus and Zim-
merman Against Mayor
and City Commission.

Superior Judge William H. Wast today
issued an alternative writ of mandate re-
turnable October 1, upon petition of Frank
L. M. Hus and Louis J. Zimmermann, who
are seeking through the courts to force
the city council to reinstate them as deputy
city clerks. The writ is directed
against Mayor Davis and the members
of the city commission.

Through an ordinance passed July 23
the new administration abolished the po-
sitions held by Hus and Zimmermann by
changing the title of the city clerk to
"city secretary." The writ is directed
against Mayor Davis and the members
of the city commission.

A similar contest brought by Albert
Cordian, J. J. Barry and W. J. Peole, who
were discharged as planning and sani-
tary inspectors by the new administra-
tion has been submitted to Superior
Judge W. H. Donahue, who has reserved
his decision until Monday.

Search Vessel for Alleged Kidnapers

SAN FRANCISCO, Sept. 17.—Detectives
Nelson and Kalmbach searched the
steamer Gold this morning on telegraphic
orders from Santa Rosa that two kid-
napers were supposed to be on board.
The men wanted by the authorities there,
according to the message, are Virgil
Welch and Bruce Burlingame. The wire
from the sheriff accuses the pair of ab-
ducting from Petaluma Pearl Dorman, a
sixteen-year-old girl. A thorough ram-
sacking of the vessel failed to show any
signs of the men.

MRS. DUTTON SEEKS DIVORCE.

Complaining that her husband has
been habitually intemperate, Mrs.
Joseph Klein Dutton has commenced
suit for divorce from George J. Dut-
ton. The couple were married in
1907.

MRS. LYON'S ACHES AND PAINS

Have All Gone Since Taking
Lydia E. Pinkham's Veg-
etable Compound.

Terre Hill, Pa.—"Kindly permit me
to give you my testimonial in favor of
Lydia E. Pinkham's Vegetable Com-
pound. When I first
began taking it I was suffering from
female troubles for
some time and had
almost all kinds of
aches—pains in lower
part of back and in
sides, and pressing
down pains. I could
not sleep and
had no appetite. Since I have taken
Lydia E. Pinkham's Vegetable Com-
pound the aches and pains are all gone
and I feel like a new woman. I cannot
praise your medicine too highly."—Mrs.
Augustus Lyon, Terre Hill, Pa.

It is true that nature and a woman's
work has produced the greatest remedy
for woman's ills that the world has
ever known. From the roots and
herbs of the field, Lydia E. Pinkham,
forty years ago, gave to womankind
a remedy for their peculiar ills which
has proved more efficacious than any
other combination of drugs ever com-
pounded, and today Lydia E. Pinkham's
Vegetable Compound is recognized from
coast to coast as the standard
remedy for woman's ills.

In the Pinkham Laboratory at Lynn,
Mass., are files containing hundreds of
thousands of letters from women seek-
ing health—many of them openly state
over their own signatures that they have
regained their health by taking Lydia
E. Pinkham's Vegetable Compound; and
in some cases that it has saved them
from surgical operations.

FURS, THE SOURCE OF ALL THE LOVELINESS, IN THE WINTER'S OUTFIT

Collars Muff Themselves Right Up to the Ears, and Sleeves Muff Themselves Right Down to the Pink, Shell-Like Finger Tips.

Says Mr. Gassner, authority on furs—

The Autumn showing of fur coats expresses that individuality and elegance that can only be attained by unusual thought in the selection of the fur for the coat itself. Just now the whole Fashion World says Hudson Seal meets every requirement—at the least expenditure. Hudson Seal, that soft, thick, deep fur, is in the most becoming of all colors, a brown that velvets to blackness, wherever it folds over.

In its luxuriance, it really needs no garniture, and one can have a coat for \$100.00, of the Gassner High-Quality Hudson Seal.

Still there are those who like a touch of a different fur; so at \$115.00 a coat is available with Ermine, Beaver or Skunk garniture.

There are still other persons who feel that hat, muff and coat ought to be akin to each other, such as the above photograph shows. And who will gainsay that this is not a fascinating notion?

Look at the little hat, with its flowers of ermine, modeled after the rare edelweiss of Alpine nooks. It's as chic and girlish as any hat shown this season. The muff-collar of ermine kisses the pink cheeks in an entrancing manner, and the muff says: "Me, too," with its ermine coquetry.

And what of the coat in the picture? Why, it is just one of the many Hudson Seal Coats that are moderately priced at Gassner's Attractive Shop.

Motor Coats temper their severity with fur.

Tempering the severity of tweeds and other hard-wearing fabrics, by means of fur, the motorist is pretty and comfortable at the same time. Motor Coats lined with fur start at \$69.50.

Other Motor Coats, without fur lining, but having the same flattering, comfortable collar and cuffs of fur, are at prices as tempting, as are all other Gassner Garments.

Dressy Coats in dark, rich velvets choose the Russian Cossack model as a motif, but ring all sorts of changes.

Following the straight, simple contour of this peasant military coat, the eye is carried down to a glorious band of fur on the skirt, and is carried upward to the high straight fur collar that enfolds the chin.

Collars, muffs and hats can match and make any woman look as enchanting as poetry.

Corridor Coats and other chic fabrics will have to wait until another time to get your attention—perhaps you'll remember (any way) to ask to see them, for they are so charming and so modestly priced. And they have fur garniture, too, as does everything at Gassner's, for this is a Shop Exclusively for Furs of high character.

Mail orders filled intelligently and acceptably

REYNOLDS STUDIES NON-PARTISANSHIP

Republican Leader Says Progressives Have Returned to Fold of Party.

SAN FRANCISCO, Sept. 17.—That the Progressives have returned to the fold of the Republican party is the statement issued by James B. Reynolds, secretary of the Republican National Committee. Reynolds, who is former assistant secretary of the Treasury, and now member of the Tariff Commission, gave the above message to the people of California upon his arrival here from the north last night.

For the purpose of investigating the political situation, Secretary Reynolds is on a tour of the country. He is "scouting" in anticipation of the meeting of the Republican National Committee at Washington, D. C., in December.

"I shall give special attention to the situation in California with relation to the so-called non-partisan bills," said Reynolds. "Conferences will be held with party leaders, and the matter fully gone into from the California standpoint."

"I am satisfied that the next President of the United States will be a Republican. The issue will be a question of genuine prosperity. The people have realized that the Democratic policy is one of failure, and they are ready to restore those governmental conditions which come unflinchingly under Republican auspices, and which have made for the welfare and the social and business happiness of our country."

PEACE PLATFORM
"It is probable that the Democrats will go to the polls on the 'peace' proposition. But has it occurred to our people that this is no issue at all? We are all agreed on peace. No one wants war. There is not an American citizen who might be in the White House who would take any other stand than that for peace. Therefore, everybody being agreed, no issue can be made on that proposition."

ISSUE NOT WAR
"But there are real issues which will be used in the campaign. They involve the very vital things of politics, and there is a radical difference of opinion upon them between the two great parties. They involve the question of our country's prosperity, and they cannot be eliminated through the attempt of the Democratic party to make of peace the outstanding thing. That is a dangerous question, for it makes no difference on that score who may be elected President."

"President Wilson is only doing in the White House that which any patriotic American would do, in so far as the war is concerned. There is a man possessed of the quality that makes a President who would not exhaust every resource to keep the Nation out of the horrors of this carnage."

FEATURE OF PEOPLE
"That is what I mean by a fictitious issue. Economic questions upon which the well being of the people, the future as well as the present, depends, are the real issues, and the people themselves will declare those issues."

MILLIONS SPENT BY PACIFIC MAIL IN S. F.

SAN FRANCISCO, Sept. 17.—More than \$2,000,000, or to be exact, \$2,185,655.56, has been disbursed by the Pacific Mail Company in San Francisco for dock labor during the past five years, or an average of \$438,930.00 annually, according to a statement issued by the company and which is posted at piers 42 and 44. This sum of nearly half a million dollars a year has been paid out in wages to men at this port in addition to the huge expenditures for supplies and for wages and salaries in other departments.

Segregated it shows mechanics on repair work on the steamers have received during the five years \$317,110.23, weekly payroll for extra help on the docks was \$351,310.51, stevedores received \$168,161.69, longshoremen \$145,145.14, and men \$245,134.53, and the port payroll, salaries and wages for officers and men on the liners while in port here, amounted to \$395,936.67.

GOVERNMENT GRATITUDE

How would you like to be one of those who participated in the up-building of the splendid educational system of the Philippines? And after having given ten or fifteen years of the best part of your life to humanitarian work in a torrid, unhealthy climate, how would you like to be walking the streets of Manila, begging for something to eat and a place to sleep? This is what is being endured by hundreds of American school teachers in the Philippines. O. Garfield Jones gives a graphic account of the situation in Sunday's Tribune.

360,000 TROUT PLANTED

FRESNO, Sept. 17.—Mountain trout "fry" to the number of 360,000 will arrive in this city Saturday from the State Hatchery at Sisson, to be transported by pack-horses 60 miles back in the Sierras, where they will be planted in the headwaters of mountain streams and in Huntington lake. The shipment will comprise 110 cans. All of these must be carried to their destination on horseback over almost impassable trails, 7000 feet above the sea level.

Club Boys Fleece Expo. of Plaque "Elect" Officers at Fake Convention

STOCKTON, Sept. 17.—No longer does a bare spot above the mantelpiece greet the eyes of those who sink in front of the huge fireplace in the commodious quarters of the Anteros Club here. Now, thanks to the desire of the directors of the Panama-Pacific International Exposition to inflict bronze plaques on all organizations that convene within the gates of the "greatest fair on earth," the unadorned spot is resplendent with an official souvenir of the Exposition.

It took a "convention" to lead the club boys to this. At a recent meeting, when things dragged, Ray Miller conceived the idea of holding an annual "convention" at the Panama-Pacific Exposition. The idea "caught on" and the club boys, anxious to secure the incorporation of the Supreme Lodge of Anteros Clubs was dug out of a dusty closet and sent to the fair directors, together with a request for a date on which the members of the Supreme Lodge of Anteros Clubs might convene at Festival Hall.

The length of the name and the certificate, with its gold seal, took the directors by storm and arrangements speedily were completed for the "convention."

About 60 members of the club made the trip and, in solemn session in Festival Hall, elected Newton Rutherford, president, and Jake McLeod, secretary. James A. Barr, director of conservation, presented the plaque. He was accorded the honor in view of the fact that he formerly resided here. To show their appreciation of the pains he took to make the presentation a success, the Anteros boys, considering sending him the certificate of incorporation of the Supreme Lodge of Anteros Clubs. It was framed several years ago, at a cost of \$3, but has not hung in the clubrooms for many months.

JAPAN COURTING SOUTH SEA ISLES

Are Exerting Every Effort to Spread Influence in Group Taken From Germany.

By Associated Press. TOKYO, Sept. 17.—Since the capture of the South Sea Islands from Germany by the British-Japanese fleets, Japan has been exerting every effort to spread her influence in these islands, who are now in her possession. The question of the permanent occupation, however, will not be decided until the peace conference. Japan recently sent technical commissions to study the islands from a commercial standpoint, and followed that up by dispatching a special mission, headed by Japanese newspapermen on a tour of inspection. Now, Japan is entertaining the idea of sending a large number of one half-dressed king and twenty-one other chiefs of various degrees who have been brought here on a naval transport from the islands of Hawaii, Jaluit, Marianas, Pelew and Pohnpei in the Caroline group which have been wrested from German control and are now under Japanese administration. Roughly, these islands lie between the United States' possession of Guam and the Philippines.

The head of the party now visiting Tokyo is John Siegrag, otherwise called King of Kusa. He and his fellow chiefs have obtained the most untiring tourists in sightseeing. They have been entertained at luncheon and dinner by leading Japanese and have received a large assortment of presents, including wrist watches, silk kimonos, parasols and other articles as souvenirs of their visit.

King John Siegrag, when asked about his impressions of Japan, said that he and his friends heartily appreciated the cordial treatment by the Japanese. As to the Japanese administration in the islands he said there had not yet been time to form a true estimate of the new order of things. Although the German administration had been successful in the colonies, he said, the Japanese administration was more successful in the islands. He was certain, however, that the native islanders were more familiar with Japanese people and customs than they had been with Germans.

The only drawback to the visit to Japan, according to King Siegrag, was that it was altogether too hot and that they were not allowed to touch any alcoholic drinks during their stay. But they were all delighted with the opportunity to obtain a wider outlook on things. Some of the chiefs have visited Europe and know something of occidental civilization from personal contact. All have learned something of the United States and Europe from American missionaries who have been stationed in their islands. Most of them speak English and several French and German.

S. F. BANKER NAMED ON RURAL CREDIT BOARD

SACRAMENTO, Sept. 17.—Mortimer Fleischacker, San Francisco banker and capitalist, was appointed yesterday by Governor Johnson the fifth member of the rural credits commission, provided for by the last legislature. The appointments of the other members, announced several days ago, were H. H. Weston, also were made official today by the governor.

Besides Fleischacker, the members of the commission are State Senator W. E. Brown, Los Angeles; David P. Barrows of the University of California; Elwood Mead of the University of California; and Harris Weston of San Francisco.

In the naming of Fleischacker to the board the governor chose a financier whose counsel in the matter of floating bonds to the best advantage will be of particular value to the commission.

PREDICTS LAND REVIVAL
OAKDALE, Sept. 17.—California is due for a land revival, according to Samuel Fortier, chief of the government bureau of irrigation investigations, who inspected the Oakdale irrigation district. Dr. Fortier said that he had just concluded a tour of eight western states, and the situation was more encouraging than for two years. He predicted that the immigration to California, which had been at a standstill for more than a year would soon be resumed. The federal official before leaving, highly complimented the substantial nature of the construction work of the irrigation district.

FRIDAY, SEPTEMBER 17, 1915.

RUSSIA'S POLITICAL CRISIS.

una, the parliamentary body in the Russian
 empire, has been in session for two days
 in the city of Moscow. The crisis in the
 Russian government is now at its height.
 The Duma, the lower house of the Russian
 parliament, has been in session for two
 days in the city of Moscow. The crisis in
 the Russian government is now at its height.
 The Duma, the lower house of the Russian
 parliament, has been in session for two
 days in the city of Moscow. The crisis in
 the Russian government is now at its height.

to be hoped that differences which have arisen
 in the management of the San Francisco-Oakland
 and Railway Company (Key System) and its
 management will be adjusted upon an equitable
 basis, without "bound, in the nature of things,
 to involve disas- all the interests, including
 the public. Causes their ramifications and
 ramifications are not yet the public. There
 will have to be further de- before it can be
 known where the lines of lie. In the mean-
 time—and at all times—the will print the
 news without bias or favor. One common
 obstacle in cases like this is the difficulty
 in accurate information. The tendency is to
 par- either one way or another. The Tribune,
 in its columns, will endeavor to avoid any-
 thing like y. Its every sincere effort will be
 to give the facts as they shall develop from
 day to day, completely, honestly. Upon this
 basis the public can be able, without much
 difficulty, to determine the of community
 interest and of sympathy.

are told that the Young Men's Christian Association
 of Oakland, an institution whose work needs
 no commendation, has inaugurated a campaign
 tending to its benevolent influence and, concurrently,
 to up its revenues to the point of self-support.
 To cent membership of 1700 it is desired to add
 600. This, it is estimated, will place the Association
 in the need of making appeal to private benevolence.

COLONEL ROOSEVELT AND THE PRESENT CRISIS

FROM THE NEW REPUBLIC
 Colonel Roosevelt alone has had the
 courage to associate his own personality
 in the eyes of the American people with a
 policy which provides and prepares for
 increasing American international responsibilities.
 He has done more than this. He has proved
 his unique ability to make the waters of the
 American public opinion boil and sputter.
 There is a terrible noise and a great deal of
 blinding steam; but people who don't like the
 blinding steam should remember that some-
 kind of a pudding is really being cooked.
 Mr. Roosevelt will be too much of an
 agitator. He provokes a great deal of
 unnecessary opposition by his methods
 of controversy—by intemperance of lan-
 guage, by inability to be fair to oppo-
 nents and by an ungenerous disposition
 to fasten on them the stigma of un-
 righteousness. The many admirable
 and needed. They neither knew causes with
 which his public life has not dared enough.
 Democrats have been injured by the enmities
 which he has provoked almost as much as they
 have been helped by the loyalty which he has
 inspired. But if Mr. Roosevelt is too much of
 an agitator, Mr. Wilson is certainly not
 enough of one. Although the ability to
 write and speak has played such a
 peculiarly important part in the President's
 career, he does not use his power of
 utterance as it should be used in the
 government of a democracy. He uses it
 to proclaim decisions which have already
 been taken, but he does not use it to
 prepare public opinion for desirable
 innovations. His speeches and letters
 are not the bill-boards and advance
 agents of a performance which is ex-
 pected to ring up at some future date.
 They are rather the prologue and some-
 what even the dialogue of the play itself.
 People do not know enough about the
 play until the chief performer makes his
 bow and opens his mouth to the audi-
 ence. We sympathize with the man who
 recently said that he has had to spend
 too much of his energy recently in win-
 ning that Mr. Roosevelt would be more
 discreet and Mr. Wilson less so.

THE STATE PRESS

Twelve thousand former owners, now
 residents of California, who assembled at
 Long Beach, recently to back the fol-
 lowing message to the state legislature:
 "We, the long association of S. them
 California, assembled in its annual sum-
 mer picnic in Long Beach, following after
 four years of trial in the demonstrated
 success of equal suffrage in the state of
 our adoption, send to our mother state
 greetings and assurance of our continued
 devotion to all that makes for higher things
 among men. And we fervently hope to see
 in the mother state as well as in the child
 the same earnest and able efforts of the
 people to secure to the people the civil and
 political freedom and equality we
 California enjoy may come to the people
 here in the same state."—Riverside
 Press.

Not for Publication.
 After returning from three weeks, part
 of which was spent at the San Francisco
 exposition and part at Los Angeles, Miss
 Mary McSwain, of the postoffice, is again
 back on the job. Everything at the fair
 and on the trip pleased her so much that
 she has nothing to say for publication,
 possibly for fear of overlooking some-
 thing.—Nevada City News.

Corn-Growing.
 Reports of the farmers up and down the
 valley and statistics of corn receipts the
 past few years indicate that California is
 getting away from the old superstition
 that Indian corn could not be grown suc-
 cessfully in this state because of the cold
 nights. Thus the acreage of Indian corn,
 both yellow and white, has been greatly
 increased this season in Colusa, Sutter
 and other up river counties, while down
 river in the Delta section, ranchers say
 that the 1914 acreage has been trebled this
 season.—Sacramento Union.

NOTABLE PERSONS.

William Davis, an artist, was found
 dead in his New York studio before an
 unfinished landscape. He was a victim
 of the heat. Davis was 55 years old
 and was known as one of the best re-
 storers of paintings in the country.

Urging what he termed a medium
 policy in preparedness and proposing a
 continuation and broadening of treaties,
 former President William H. Taft ad-
 dressed a crowd of 20,000 people at the
 Panama-California Exposition.

Dr. L. S. Rowe, secretary-treasurer of
 the Pan-American Congress, returned to
 New York from a three-months' trip to
 South America, where he studied finan-
 cial, industrial and commercial condi-
 tions.

H. F. Scott, a newspaper publisher of
 Detroit, here on a pleasure trip with his
 family, is utilizing his holiday to make
 a study of municipal ownership.

Colonel D. C. Jackling has invited the
 entire delegation of mining engineers to
 be his guests tomorrow on his yacht, the
 Cypress.

The body of Professor Ezra Ripley
 Thayer, dean of the Harvard Law School,
 was found floating in the Charles river
 today.

Dr. Osler's famous saying, which, in
 effect, relegated all men of 60 or over to
 the scrap heap, was controverted
 strongly by H. J. Heinz, multi-million-
 aire. Heinz lengthens out man's age of
 creative power to 85, by declaring that a
 man at that age is only in the "prime of
 life."

VARIETIES.

The Minstrel Boy.
 In the ranks of death you'll find him;
 His father's sword he has girded on,
 And his wild, harp slung behind him.
 "Land of song!" said the warrior-bard,
 "Though all the world betrays thee,
 One faithful harp shall praise thee."
 The minstrel fell—but the foe's chain
 Could not bring his proud soul under;
 The harp he loved he took again,
 For he loved his chords as dearly;
 And said, "No chains shall sully thee,
 Thou soul of love and bravery!
 Thy songs were made for the brave and
 free.
 They shall never sound in slavery!"
 THOMAS MOORE.

Sweden.

A recently completed census puts the
 population of Sweden at 5,679,000. Mar-
 riages and birth are shown to be decreas-
 ing to such a degree that the births in
 the last year are fewer in proportion than
 at any time during the 170 years in which
 Sweden has had vital statistics.

London Expenses.
 "Municipal waste in London," a special
 article in the London Times for August
 2, 1913, states that "it costs 15s. (\$4.25)
 more per head of the population to ad-
 minister London than to administer any
 one of the largest provincial cities."

Too Much Literature.
 Manufacturers of the United States
 have so well supplied the Dominican mer-
 chants with advertising literature that
 one Puerto Plata business man, reports
 Consul Frank Anderson Henry, has 1500
 American catalogues on file.

THE JESTER.

Encouragement.
 Him—Would you call for help if I at-
 tempted to kiss you?
 Her—Yes, if necessary; but I don't see
 why a big, strong chap like you should
 require any help.

The Right Thing.

It was several days after arriving home
 from the front that the soldier with two
 broken ribs was sitting up and smoking a
 cigar when the doctor came in. "Well,
 how are you feeling now?" asked the lat-
 ter.
 "I've had a stitch in my side all day,"
 replied the wounded soldier.
 "That sounds all right," said the doc-
 tor, "it shows that the bones are knit-
 ting."

Too True.

"Miss Gladys, do you like automobile
 speeding?"
 "I think it's perfectly killing."

Old One Turned Up.

"What brought you here, my poor fel-
 low?" a missionary asked a convict.
 "I married a new woman, sir," the pris-
 oner groaned.
 "Ah!" said the missionary, "and she
 was so domineering and extravagant that
 it drove you to desperate courses, eh?"
 "No," replied the prisoner, "but the old
 woman turned up."

CAN THEY FLOAT IT?

TWENTY YEARS AGO TODAY

Rev. E. S. Chapman, recently elected
 to the Market Street Congregational
 church, preached his initial sermon in
 that place yesterday morning before a
 large congregation. His theme was
 "Help for the Human Need."

The trouble over the Newark school
 board election which was held last June
 has not yet been settled. Trustees C. G.
 Healy has been in consultation with the
 district attorney, but is unable to as-
 certain just where the matter stands.
 The election was held in June last, but
 in such catch-as-catch-can style that
 the trustees fear the legal requirements
 have not been fulfilled.

Councilman Buckland has been con-
 fined to his home the past few days on
 account of sickness.
 The engagement is announced of Miss
 Abbie Marie Main, daughter of W. W.
 Main of the firm of Main and Winches-
 ter, and Owen D. Wynee of Hanford,
 California.
 The Masonic Hall Dancing Club will
 give its fifth ball at Masonic hall next
 Thursday evening.
 Rev. and Mrs. B. W. Perry of Alameda
 will go to Redding this week where Mr.
 Perry will take charge of a church.
 Mrs. Justine Cairn and Miss Cairn of
 Oakland are visiting in Los Angeles, the
 guests of Mr. and Mrs. C. Duncombon.
 Miss Josie C. Kennedy of this city is
 visiting in Sacramento.

WHAT IS DOING TODAY.

Pan-American Road Congress.
 West Oakland Home Mystery Booth
 Card party.
 Annual convention of the Christian En-
 deavor Union at Richmond.
 Lecture by Ford Samuels at the Long-
 fellow School.
 Lieutenant Governor Eshleman to ad-
 dress tri-city membership campaign at
 the Berkeley Young Men's Christian As-
 sociation.
 Initiatory banquet and drill at Greater
 Oakland Camp of Modern Woodmen of
 America.

WHAT IS DOING TOMORROW

Berkeley National Security League or-
 ganization meeting.
 Oakland Carmen's annual ball at the
 Municipal Auditorium.
 Newman Club smoker.

BOOK NOTES.

"The Story of a Pioneer," which the
 "Pioneer" announced for immediate publica-
 tion, is the account by the Rev. Anna
 Howard Spaw, president of the National
 American Woman Suffrage Association, of
 the varied activities of her long and
 careful life from her infancy as an im-
 portant child on the Western frontier.

"New York's Part in History," by Sher-
 man Williams of the New York Universi-
 ty, recounts the distinguished work that
 has been done by some of New York's
 greatest citizens.

Heinrich von Treitschke's "History of
 Germany in the Nineteenth Century,"
 translated by Eden and Cedar Paul, with
 an introduction by William H. Dawson,
 will be published by McBride, Nease
 & Co. On the same date this house will
 issue ready "Madame de Barry, a King's
 Favorite," by Claude Saint Andre, a study
 said to be based on unpublished docu-
 ments, which takes the view that the
 famous beauty has been much maligned.

KILL IT.

"Waiter, take this egg away."
 "Yes, sir, and what would you like me
 to do with it, sir?"
 "Do with it? Wring its neck."—Pass-
 ing Show.

AN AUTUMN SUIT OR AN OVERCOAT ON INSTALLMENTS

The way men are going to CHEPPEY'S Credit Store at 518 13th street nowadays for their clothes is certainly evidence that the public appreciates this store's system of selling good clothing on Credit Terms.

Every man who reads this and is accustomed to living up to his obligations can go to CHEPPEY'S and get a new Suit or Overcoat by making only a small cash payment. Their Credit Department arranges terms to suit the convenience of the customer.

The other day the first shipments of men's Overcoats came in. They're exceptionally attractive, because the newest styles embody the roomy shape and style of the year's latest fashions, but the collar are velvet instead of plain. You have no idea how much this innovation improves a Balmacaan Overcoat.

The new Suits are ready at CHEPPEY'S, too—as fine an assortment as any man can find in the city. Better step up to CHEPPEY'S tomorrow and look the place over. You know they will be open until 10 o'clock.

The address of their other Oakland store is also 13th street, where they sell exclusively to ladies. In San Francisco they also have two stores, one at 1009 Market street and the other at 2400 Mission street—Advertisement.

ELECTRIC SHOCK HURLS LABORER OFF BRIDGE

MARTINSVILLE, Sept. 17.—George Lewis, a laborer in the employ of the Northern Electric Railroad, had a narrow escape from death here yesterday, when, as he was repairing the company's bridge which spans the Yuba river, he accidentally stepped on the third rail, the shock causing him to fall off the bridge, a distance of about twenty feet, to the river bottom below, sustaining a bad cut on the side of the head, a wrenched shoulder and other injuries.

HUMBOLDT PEOPLE BUY STOLEN BULL FOR JERKED VENISON

WEAVERVILLE, Sept. 17.—William Counts and John Counts, brothers, from Humboldt county, were arrested near Xenia, in the extreme southwestern part of Trinity county, on the charge of stealing a bull and cutting its flesh up into strips to make jerked venison for the markets. The bull was 2 years old, its meat was juicy and tender.

The Counts brothers were arraigned in the superior court before Judge Bartlett, and pleaded guilty.

District Attorney Reid is disposed to be lenient with the young men, who have a good reputation over in Humboldt county, and asked the court to fix a time for argument in favor of admitting them to probation.

CHILD ACTRESS ILL AT OAKLAND HOSPITAL

"Baby Violet," well known child actress and daughter of William Kelly, the Oakland theatrical man, is in a critical condition at the Oaklands Hospital. The child is suffering from blood poisoning. She has been operated upon six times during the past month. During her brief career she has appeared at the Orpheum in imitations. Recently she has been with a motion picture company.

SEEK PHILIP J. BOLTON. SAN FRANCISCO, Sept. 17.—Philip Joseph Bolton, a music master and dancing instructor of Rochester, N. Y., is being searched for by the police this morning as the result of a piteous appeal received from his aged parents, both of whom are octogenarians. His father is 87 and his mother 83. They are in indigent circumstances and learning that young Bolton was in this vicinity they hoped that he will be located. He is 32 years of age.

ROBBED OF WATCH. SAN FRANCISCO, Sept. 17.—Mrs. R. J. Davis of 2530 Piedmont avenue, Oakland, notified the police this morning that she had either lost or been robbed of an open-face gold watch while she was in the ferry building.

JEWS TO OBSERVE DAY OF ATONEMENT

The Day of Days for Hebrews Starts at Sundown This Evening.

Sundown this evening marks the advent of atonement day observance for the Jewish people. Those of the Hebrew faith in Oakland will assemble at the various synagogues to observe the ushering of this all-important holiday of the Jewish calendar. Throughout tomorrow the entire day will be devoted to prayer and devotion.

The ritual of the Day is public confession of sins, and its significance is personal. The day brings the Jewish people's remembrance of the wrongs of human nature and because they are equally aware of the fact that their careers, whatever they may be to others, are of God. This holy day gives opportunity for earnest thought on Jewish inner life. The difficulties men encounter in the course of a busy life, after self-examination, to be not "deceitful of God but instances of their shortcomings. The ancients frankly and humbly called them "sins."

FILLED WITH LEMONS. The reminiscences of centuries cling to the day of this fast. The day is a lesson suggestive and impressive. In ancient times priests solemnly invested it with significance. The day is a lesson in humility. It is a day of atonement. It is a day of atonement. It is a day of atonement.

THOUGHTS FOR DEAD. One phase of the ritual of the day is the thought and memory of the dead. Each man thinks of the void that has come into his career through loss of kindred and of the obligations he owes to them. It is a day of atonement. It is a day of atonement. It is a day of atonement.

LOCKWOOD MUSICIANS ON SCHOOL PROGRAM. FITZBURGH, Sept. 17.—The Lockwood school band will be the principal attraction at a musical entertainment in the Lockwood school auditorium this evening.

EAST END CIVIC CENTER TO HEAR TALK ON CHARTER. FITZBURGH, Sept. 17.—How the women of San Jose Civic Center got their charter will be related by Miss White of Berkeley in a talk before the East End Civic Center here Tuesday afternoon.

CHARGES GRAND LARCENY. SAN FRANCISCO, Sept. 17.—Babe Allen, living at 1014 Broadway, was charged with grand larceny this morning on the complaint of B. Salgado, a Filipino who lives at the Hotel Reel, and accuses the woman of stealing his diamond ring.

PERSONALS. George H. Burnham, deputy United States marshal of this city, was a visitor in Sacramento last week.

IS GERMAN SPY U. S. ARMY GUEST?

Dweller at Club in New York Accused by British, Under Probe.

NEW YORK, Sept. 17.—The Army and Navy Club of this city, whose membership includes some of the most prominent military men of the United States, began an exhaustive investigation last night to determine whether Captain Newnam, a British officer who has lived at the club as a guest, is in fact a German spy. The investigation was prompted by charges filed by British agents in Washington.

Attended Gun Tests. "By means of the club's hospitality he has been able to meet many high officials in the United States army and navy. He has been their guest on many occasions. For example, he attended the recent tests of howitzers at Fort Totten."

NEAR TO BOY-ED. "Shortly after this Captain Gray took office in room 304, No. 11 Broadway. On this same floor, or only a few doors away, are the offices of Captain Boy-Ed, the naval attaché of the German embassy, who, Richard E. Stegler, the congressional spy, said, was the head of the German spy network in the United States."

SCIENTIFIC MEN HOLD SESSIONS AT P. P. I. E. TRIBUNE BUREAU, Panama-Pacific Exposition, Sept. 17.—Scientific conventions of world-wide interest held precedence today among the indoor events at the Exposition. More than 1000 delegates are attending five engineering conventions, including college savants, representatives of great public utility corporations and manufacturing concerns, members of state rate commissions and independent scientists and investigators.

FARMER GETS JUDGMENT. OROVILLE, Sept. 17.—John A. Henrivi of Sonstadt colony, near Bangor, who brought suit against the South Feather Land and Water company to recover \$4000 damages alleged to have been caused by reason of the defendant company shutting off the water supply to his land, has been awarded \$1175 damages by a decision handed down by Judge R. D. Gregory.

W. O. T. U. TO MEET. The Central Woman's Christian Temperance Union will hold a business session, Monday, September 20, at the First Baptist church.

There are other good cigarettes. In fact, some other cigarette may just happen to hit YOUR particular taste better than Fatimas.

WOMEN in the NEWS

LOS ANGELES, Sept. 17.—Rescuing a man who Mrs. Preston declared was her husband's alleged abductor, Mrs. Preston, who was arrested last night, was released today after a hearing before Judge W. J. Harrison.

LOVE TOO MUCH: ESCHEW SOCIETY. STANFORD UNIVERSITY, Sept. 17.—In addressing her class in morning assembly, Dr. Lillian J. Martin of the Stanford University, said that she cannot understand a woman who is not a member of the Eschew Society.

WOMAN FIGHTS HAND TO HAND FOR MINE. SAN FRANCISCO, Sept. 17.—Telling of a desperate hand-to-hand battle of a mining claim on the desert near Los Angeles, thirty miles east of Barstow, with an alleged claim by Mrs. L. C. Preston, formerly known as "Mother Preston," visited San Bernardino and secured a warrant for the arrest of F. C. Murphy on a charge of assault with intent to kill.

ACTOS FOR RURAL ROUTES. WASHINGTON, Sept. 17.—The act of automobiles on rural delivery routes has improved the farmers' mail and express facilities, according to postal officials, who announced today that 500 routes in all now had been authorized. Of these 236 are in operation. The service will be installed in these additional states during October: Alabama, Colorado, Kentucky, Maryland and Oregon. Routes now in operation in other states will be added to.

U. S. Admiral's Son, in Belgian Army, Honored

NEW YORK, Sept. 17.—Friends of Francis T. Colby, formerly a New York lawyer, received word today that he has just been appointed a lieutenant in the Belgian army, after having been cited in the orders of the day for bravery under fire. Colby has ten months Colby has served as leader of a motor ambulance squad attached to the Belgian army. He was organized this squad in Paris and it was maintained by private subscription.

Benefited by Chamberlain's Liniment. Chamberlain's Liniment is used for rheumatic pains, stiffness and soreness of the knees, and can competently say that it never used anything that did me so much good. —Edward Craft, Elba, N. Y. For sale by Ward Bros. Drug Stores—Advertisement.

Pimples and Skin Eruptions Danger Signs of Bad Blood

It May Mean Eczema, Scrofula—The First Sign of Inherited Blood Disease

Pimples, scaly itching skin, rashes, burning sensations and Scrofula denote with infallible certainty a debilitated, weakened and impure state of the blood. The trouble may have been in your blood from birth, but no matter how you were infected, you must treat it through the blood. It is a blood disease. You must use S. S. S., the standard blood tonic for 50 years, if you expect certain relief. For purifying the system nothing is equal to it. The action of S. S. S. is to cleanse the blood. It soaks through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the blood corpuscles, increases the flow so that the blood can properly perform its physical work. The skin sloughs feeling leaves you—the complexion clears up. Even long standing cases respond promptly. But you must take S. S. S. Drugs and substitutes don't do. Get S. S. S. from your druggist. If yours is a special case and you need expert advice, write to S. S. S. Co., Atlanta, Ga.—Advertisement.

Why Pay More? \$2.50 and \$2.95 are our prices for the shoes sold at \$3.50 to \$6.00 in the high-rent district

The New Fall Models in Women's Cloth-tops. Lace or Button \$2.95 pr. Black cloth tops and in gray and fawn Patent kid or gunmetal. Goodyear welted soles, French-Cuban heels—smart \$5.00 shoes—here for \$2.95

Men's Shirts. Madras, soisette and crepe effects 95c with French cuff 50c Neckwear. A world of pleasing patterns. All silk.

For Superb Trimmed Hats. —Just see the superb display of turbans, toques, picture hats and so diversify in style, so chic and practical that the hats in this group are sufficiently attractive to meet the needs of the most discriminating women.

79c Waists. Lineries that are new and pretty—and an unlimited variety of them. S.N. WOOD & CO. OAKLAND STORE COR. WASHINGTON & 11TH STS. SAN FRANCISCO STORE COR. MARKET & 5TH STS. Store Open Every Saturday Evening Until 10

Friday!

NEW BATTLE ON TEXAS BORDER

By Associated Press. BROWNSVILLE, Tex. Sept. 17.—Another fight between United States soldiers and Mexicans was reported today.

A United States cavalry patrol was fired on today in the Mexican side of the river near the Brownsville city limits. About 500 shots were fired. The cavalrymen had gone to the river to investigate the shooting of a Mexican horse on the American side.

The fight was stopped by a Carranza officer. The officer then shouted across the river to the Americans that the Carranza troops who fired had violated instructions. The soldiers with their swords to stop the firing. The Mexicans withdrew.

The fighting started when a part of Troop C, Third Cavalry, was sent from Brownsville to investigate the killing of a man on the American side by Mexicans on the Mexican side.

The soldiers saw two bands of Mexicans on the opposite side of the river behind ditches. These Mexicans opened fire on the cavalrymen, and the soldiers, about thirty in number, took positions in an irrigation ditch and replied to the Mexicans.

According to the Mexican officer who finally arrived to stop the fight, an irresponsible band of soldiers broke discipline and started to "shoot up" the American shore.

AMERICANS OPEN FIRE. Near Sebastian, eight or four or five men of the Twenty-sixth Infantry saw an equal number of Mexicans through the open spaces in the brush at some distance. The Americans opened fire, meanwhile advancing on the Mexicans. The Mexicans ran when they saw the soldiers were determined and escaped in the darkness soon after the fight began.

Men of the Twenty-sixth Infantry also had a brush with Mexicans near Los Fresnos, in which it was believed that at least one of the Mexicans was wounded.

The town of San Jose, 25 miles up the Rio Grande from here, a settlement composed exclusively of Mexicans, today appealed for the protection of American soldiers. Colonel Buiard ordered a guard to San Jose. Jose said they were "good Mexicans," and that they needed protection as much, or more, than Americans.

THREATEN AMERICANS. EL PASO, Tex., Sept. 17.—Bandits operating along the Mexican North-western Railroad have threatened the lives of all foreigners, particularly Americans, according to reports received here today.

These threats state that the threats were made because the bandits of the Chavez brothers band were fired upon by Villa soldiers when they went to receive the ransom demanded for Edward Ledwidge, commissary agent for the railroad and other companies of the Pearson interests. Only half of the \$10,000 ransom demanded had been delivered to the bandit when he fled amid a hail of bullets. Ledwidge was fired upon by his Mexican guard, but reached the train of rescuers unharmed.

As a result of this incident, it is understood a special train is touring the line and employees are being urged to leave the country.

An account of Ledwidge's rescue received today stated that the train carrying a few Americans with the \$10,000 ransom money was filled with Villa soldiers. A squad of the best marksmen was sent on a detour to a point on the trail over which the bandit must come to receive the ransom. The train then proceeded to the rendezvous. A guard marched Ledwidge into view and followed with a gun rifle shot. Then the bandit who was to receive the ransom money rode to the train.

As he received a package of money from J. C. Paddock, representative of the railroad, the bandit caught sight of a Villa soldier. He thrust the package into his shirt, swung his horse around, and riding close to its side, raced back up the trail. The soldiers sent on detour immediately opened fire, as did the soldiers on the train, but the rider escaped, apparently unharmed.

At the first shot Ledwidge's guard opened fire, but the American raced for the train and reached his rescuers unscathed.

Young Man Will Devote His Life to Y. M. C. A. Work

GEORGE J. HEASON.

George J. Heason, cashier at the Oakland Young Men's Christian Association, has resigned his position to enter the Y. M. C. A. college in order to better equip himself for the work in which he has pledged his life. From an energetic member and leader in the boys' department, he became assistant secretary and worked in that capacity for two years while completing a course in the Oakland Technical High School. While on the board of directors, and as a leader in the summer camps, Heason exerted an influence for right living that is still being manifested in the lives of those for whom he worked.

Graduating from High School he took up the work in the senior department, first as dormitory secretary and later as cashier. In this latter position he has made an excellent reputation, claim Y. M. C. A. officials.

Heason, who was a member of the American guard, but reached the train of rescuers unharmed.

As a result of this incident, it is understood a special train is touring the line and employees are being urged to leave the country.

An account of Ledwidge's rescue received today stated that the train carrying a few Americans with the \$10,000 ransom money was filled with Villa soldiers. A squad of the best marksmen was sent on a detour to a point on the trail over which the bandit must come to receive the ransom. The train then proceeded to the rendezvous. A guard marched Ledwidge into view and followed with a gun rifle shot. Then the bandit who was to receive the ransom money rode to the train.

As he received a package of money from J. C. Paddock, representative of the railroad, the bandit caught sight of a Villa soldier. He thrust the package into his shirt, swung his horse around, and riding close to its side, raced back up the trail. The soldiers sent on detour immediately opened fire, as did the soldiers on the train, but the rider escaped, apparently unharmed.

At the first shot Ledwidge's guard opened fire, but the American raced for the train and reached his rescuers unscathed.

AUSTRIA AGCEDES TO U. S. DEMAND

Recall of Dumba Arranged in Friendly Spirit by Vienna.

By Associated Press. WASHINGTON, Sept. 17.—The Austrian government intends to recall Ambassador Dumba for consultation, according to information given to Ambassador Benítez when he delivered the note from the United States asking for the return of the ambassador to Austria.

Such an arrangement, which is in accord with Dumba's own request for recall on leave of absence, is satisfactory to the American government. It is understood, however, that Ambassador Dumba will not return to the United States at the termination of his leave. The purpose of these arrangements, it is understood, is to ease the tension in the diplomatic relations of the two governments, the change being looked upon as a personal affair.

There is every indication from Ambassador Benítez's dispatch that the Austrian government received the American note in a friendly spirit. It is now expected that Ambassador Dumba will receive word from his own foreign office that he is wanted in Vienna for recall.

The United States will conduct, and with the Austrian embassy left in charge of a charge d'affaires, the incident will be closed.

BERLIN MORE OPTIMISTIC. By Associated Press. BERLIN, Sept. 17.—President Wilson will make no formal reply to the German government's communication concerning the sinking of the steamship Arabic, but will confer confidentially with the American ambassador.

Previous diplomatic interchanges, says the Germania, have been under disadvantageous conditions, because protests to Berlin have been reported in advance in British dispatches.

"We believe friendly mouth-to-mouth negotiations will be made for the purpose of clearing up the matter better than the earlier interchanges," this newspaper adds.

The present situation seems to have resulted from the supposed conflict between Ambassador von Bernstorff's declarations and the Arabic note, the National Zeitung says. In reality they were two separate and distinct pronouncements, notwithstanding their seemingly close connection, inasmuch as Count von Bernstorff could not possibly have known that the Arabic intended to ram the submarine which sank her.

ALAMEDA MAYOR DISAPPROVES BUDGET

ALAMEDA, Sept. 17.—Mayor F. H. Bartlett today issued a letter to the city council in which he tells of his disapproval of the budget for the coming year. He says that the budget is "a very bad one" and that he wishes to inform the council of his opinion before the tax rate is fixed, as he says that the appropriate action will be taken by the council.

The council will meet as a committee of the whole this evening and will consider the budget, preparatory to fixing the rate next Tuesday night, the last day allowed under the charter.

Mayor Bartlett declares that he believes the appropriations are too good purpose, with the exception of \$2500 for extra help in the street department, he says that he thinks more economy should be practiced this year.

The major object to \$2500 for a second motor hose wagon for the fire department, one of these wagons, in his opinion, being sufficient to do the work, he says that he has no objection to the \$1000 for a sprinkler system in the stadium at Lincoln park; \$1500 each for field houses in Lincoln and Washington parks; \$2000 for test water well, which he advocates himself, and \$2500 for street department help.

The council committee figures that the tax rate will be \$1.25 for regular expenses and 50 cents for street work, as it now stands. The rate proposed by the mayor would be \$1.18 for regular expenses and 50 cents for street work.

CALIFORNIA MEN ON STATE COMMISSION

BERKELEY, Sept. 17.—David B. Barrows, dean of the faculties at the University of California, and Edward Mead, professor of rural institutions at that university, were named members of the state rural credits commission by Governor Hiram Johnson, according to a report received at the state university yesterday.

Dean Barrows has taken an active interest in the rural credits system, which has met with considerable success, especially in Australia. Professor Mead is one of the best of the rural credit men in the United States on the system. The plan is designed to furnish farmers the means of becoming independent of the free them from the burdens of excessive land values. The commission is composed of five members.

"SPOILS FOR THE DESERVING." It looks as if this is the slogan of the Democrats in administering government over the Philippines. Senator Jones discloses conditions of fact in Sunday's Tribune. Read it and draw your own conclusions.

ENGINEER DIES IN TUNNEL. MARTINEZ, Sept. 17.—Charles Harkinson, engineer on the Union Oil tanker De Soto, was run down and killed by a Southern Pacific train in the tunnel at Oleum last night. Harkinson's body was found in morning. He was survived by a wife and the children residing in San Francisco. Harkinson is the fifth man killed in the Oleum tunnel this year.

SAN PABLO CHURCH BENEFIT. RICHMOND, Sept. 17.—Mrs. J. F. Wolf of San Pablo entertained very charmingly at her home yesterday afternoon for the benefit of the San Pablo church choir. There were 75 present and at the conclusion of a short musical program refreshments were served and a sum of \$100.00 was raised.

Weds by Proxy; Now Weds Proxy

NEW YORK, Sept. 17.—Miss M. J. O'Brien, the pretty daughter of a wealthy New York family, was married by proxy to a young man of the same name in a quiet ceremony at the New York City hall today. The bride was represented by her father, and the groom by a proxy. The ceremony was performed by the Rev. John J. McLaughlin, pastor of the St. Ignace church.

BERKELEY OWLS ARE TO OPEN SOCIAL SEASON

A social affair is to be opened by the Berkeley owl club on Monday evening at the home of Mrs. J. H. Smith. The club is composed of owl enthusiasts and is open to all who are interested in the subject.

T. Fromme, 1116 Twenty-fourth avenue, reported to the police that while he was riding into Oakland Sunday he was attacked by two men at San Pablo avenue and Park street, pulled from his horse and beaten into unconsciousness. The robbers stole a pair of riding shoes and took his horse and escaped. Fromme was taken to a hospital. A satisfactory description of his assailants and the attack was made upon him about midnight, and it was too dark to see. The police are investigating, and a de-

TELLS WIVES
OF PASTORS
OF TRIALSMust Be Fair, Thrifty and
Hospitable, Says
Speaker.

The trials and tribulations of the clergyman's wife, as Mrs. Olin D. Jacoby, wife of a past president of the Epworth League Conference, describes them, compose a modern book of Job that convulsed with appreciative laughter the Ministers' Wives Association assembled last night at the Grace Methodist Cathedral for their annual banquet.

Mrs. Jacoby, whose husband is also first vice-president of the First Bank of Savings, admitted that a single minister was demoralizing to the young girls of his congregation. He had to have a wife.

At these are the characteristics and achievements apparently expected of such wives, according to her:

"They must be 'fair to look upon.'"

"They must be capable of answering every question the pastor can't."

"Their larders, like the widow's cruse of oil, must never fail."

"Their homes must be of the elastic type, 'always room for one more.'"

"Every speaker at the church, every reformer that comes to town, must be entertained, regardless of convenience."

Added to this, they must, she said, call on every member of their husband's congregation, taking care to slight no one.

They must provide unending sympathy for both real and imaginary ills, solve other people's quarrels as a Solomon, and act as volunteer nurses for the neighbor's children.

A last sore point was touched upon when Mrs. Jacoby approached the subject of monetary matters in the pastor's home.

In order to make ends meet the minister's wife must be, she says, "a veritable wizard in handling the vast financial affairs of the parsonage."

A spendthrift never, and yet first in all benevolence, first in all charities, first in all hospitality, first in styles, even though these 'styles' may be donations or from the missionary barrel.

"That's the exaggerated idea people seem to have of you," she concluded.

"What we really think is that you are the most unselfish group of women we know of. You bear the burdens of both church and home, and you have to act as the pastor's assistant without sharing the privileges of public life."

And then, to prove they possessed, in addition to all the other listed faculties, a sense of humor—the aggregation of martyrs laughed.

ONCE WIFE, TO BE RIVAL
Mrs. Belle Rogers Reads Law
BLACKSTONE IS THE BALM

LOS ANGELES, Sept. 17.—Mrs. Belle Green Rogers, divorced wife of Earl Rogers, noted attorney, is to become a lawyer.

Mrs. Rogers' 15-year-old son, Bogart, also has begun a pre-legal course. He will become his mother's law partner.

The spectacle of Mrs. Rogers and her former husband appearing as opposing counsel in cases before the courts here may be seen in the next few years.

Mrs. Rogers has entered the college of law of the University of Southern California.

She will establish a law library in a new bungalow she is building. In the meantime her library is installed in her present home at Vermont avenue and Los Feliz road.

As Mrs. Rogers registered at the local law school her son Bogart, entered Stanford University for a pre-legal course and later will join his mother in the study of law. When both have completed their courses mother and son, hand-in-hand, will battle for victories in the courts.

CRAVES MENTAL WORK.

"What I crave is mental occupation and an opportunity," Mrs. Rogers said today. "You know my children are growing up and must have something to keep

me busy. I shall write my son Bogart at once that I have entered the law school because I promised him when I kissed him goodby at the train that mother would begin at once to become a lawyer.

"We plan to follow the civil branch of law, Bogart, I think, is gifted that way."

To prepare for her entrance to the study of law, Mrs. Rogers completed the sale of her large and comfortable home at Vermont avenue and Los Feliz road, a gift from her parents, Mrs. Rogers said. Then she closed an order with a builder to erect a new home on Los Feliz road.

Although Mrs. Rogers enrolled as a freshman, it was stated at the College of Law headquarters that she will probably receive advanced standing because of her previous reading. Mrs. Rogers began her first inquiry into the law when Earl Rogers was engaged in the Calhoun case in San Francisco. She has read continuously since.

Earl Rogers was divorced from Mrs. Rogers about eighteen months ago. A year after the divorce Mr. Rogers married Miss Edna Lander, at present Mr. and Mrs. Rogers are in the East.

me busy. I shall write my son Bogart at once that I have entered the law school because I promised him when I kissed him goodby at the train that mother would begin at once to become a lawyer.

SAYS FATHER
DIDN'T TAKE
GOLD DUSTDaughter of Guy DuBois Denies Charges in
Suit.

Mrs. George L. Baxter of Sacramento, daughter of the late Guy A. DuBois, who was former proprietor of the Byron Jackson Iron Works in Berkeley, has made a sweeping denial of the accusations made against her father in a suit which has been filed against her in Sacramento.

It is alleged that DuBois while manager of the Byron Submarine Mining Company, doing dredging work on the American river near Redding, withheld \$500,000 in gold dust from the returns he made to his backers in the enterprise. It is claimed by the plaintiffs, Charles Binder of Milwaukee and his associates, that DuBois used his profits from the dredging operations to purchase his controlling interest in the iron works.

After the death of DuBois nearly two years ago the bulk of his estate was left to his widow, Mrs. Alice M. DuBois. She died a few weeks after her husband and named her sister, Etta Sowell, executrix of her estate. Mrs. Sowell was the second wife of the foundryman and her children, among them Mrs. Baxter, contested the estate. The matter was settled out of court while the suit was pending.

CHARGE EMBEZZLEMENT.

However, Binder and his associates filed a claim with Etta Sowell as executrix for approximately \$500,000, settling forth their contentions that DuBois had embezzled from them. The claim was rejected and the case was taken into the district court, where an accounting of the estate was asked for. The latest move has been made in the superior court at Sacramento.

"I contradict the whole thing," Mrs. Baxter said last night at her home in Sacramento. "While I understand that the suit has been filed I have not been served with summons nor have I retained an attorney."

Further than this she refused to speak of the case upon the advice of her husband.

HIGH SCHOOL CROWDED.

GRASS VALLEY, Sept. 17.—The enrollment in the local high school is already beyond the estimate and the building is crowded to the limit, so much so that if any more pupils apply for admission they will be refused. Should any student be refused admission a new high school can be forced by special tax. Bonds for a new school were voted down two years ago, but another election is being talked.

NEW YORK, Sept. 17.—Twenty American war planes have just been ordered by The Netherlands government, according to advices received by the Aero Club of America. It was announced here last night. The first order for six war planes was placed by the same government two months ago.

An average of fifteen aeroplanes a day are now shipped to Europe by aeroplanes companies in Buffalo, N. Y., Marblehead, Mass., Ithaca, N. Y., and Los Angeles, Cal., according to the Aero Club.

500 WOMEN RUSH FOR JOBS.

MARTINEZ, Sept. 17.—More than 500 women have made a dash for positions on election boards at the coming special state election in Contra Costa county. More than 85 per cent of all applicants for such positions are women, and the supervisors face the prospect of having to appoint election boards, many of which will be without a single male official. Many of the women applicants who have registered with County Clerk J. H. Wells are not even on the great register and therefore not qualified to vote.

American Game Has the Breaks Over Rugby So Far High Schools May Switch From English Pastime Next Year

The sphere that comes up out of the horizon mornings has assumed a slightly evil appearance, and those who have been speculating as to the chances of American football with a 100 average, Ted Merced's chance of getting a new quarter-back, and the non-beginning to wonder how California is going to get along without Austin or Lachmund or now Harvard is going to get along without Charley Briceley. The well-known football season which has been on its way for a year is here.

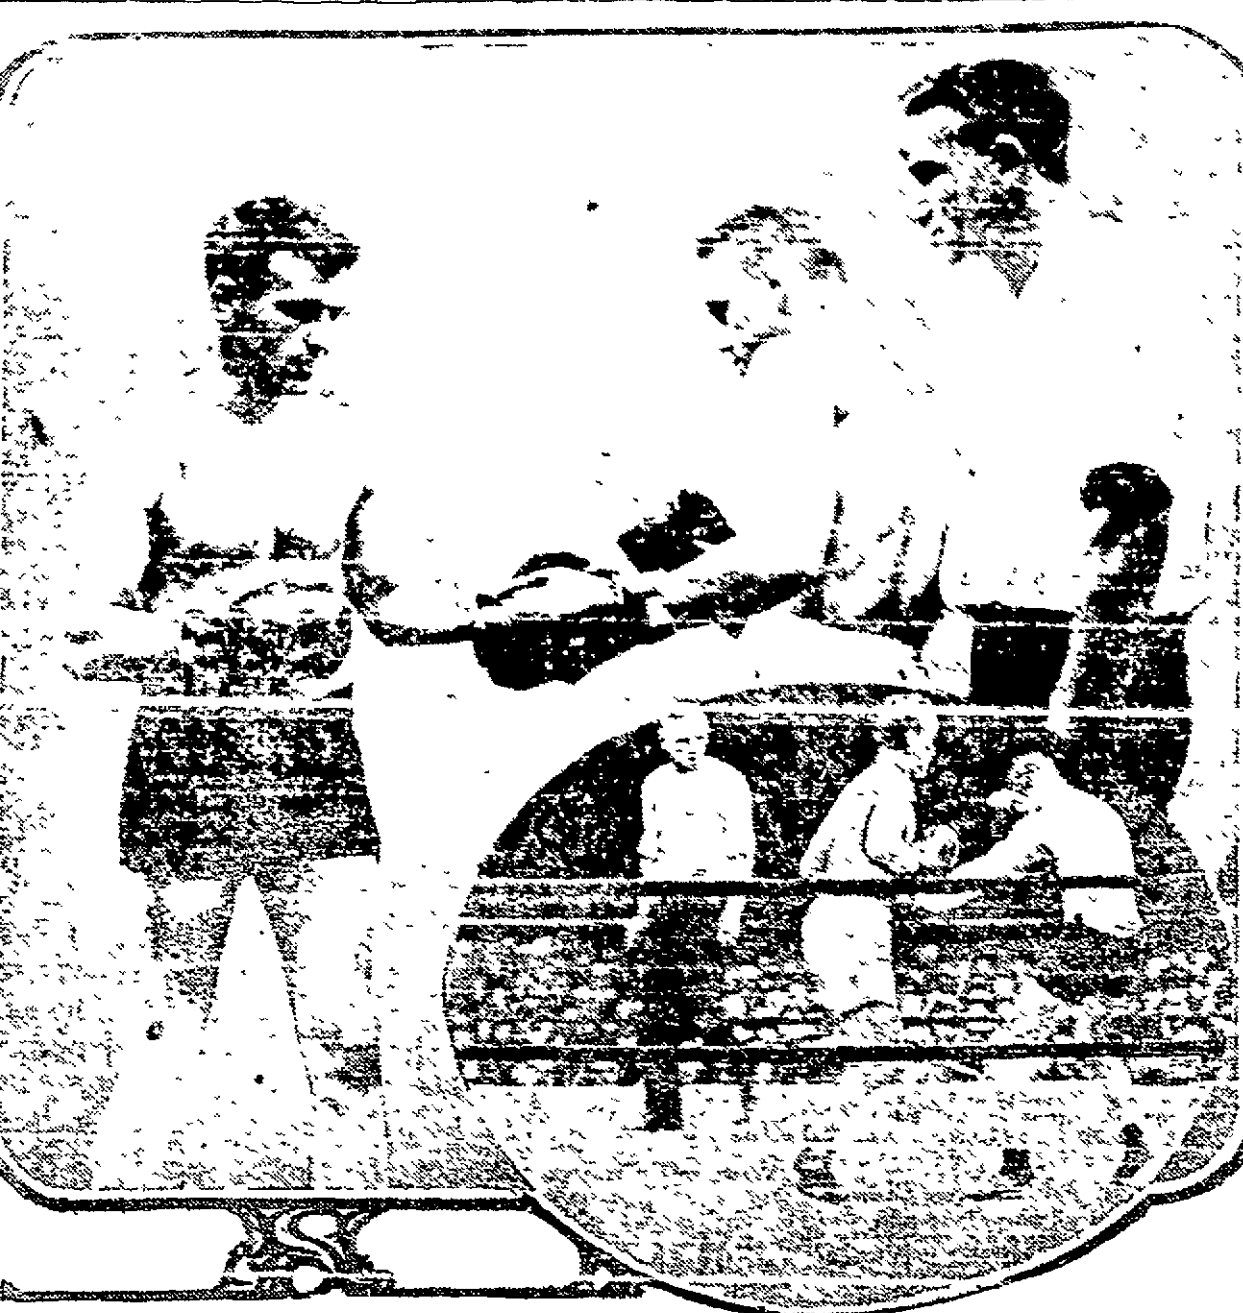

The bid has been tried off and all the big universities, colleges, prep schools and club teams are now seen mauling the pugilist.

The switch of the University of California to the American game, followed by the return of St. Mary's and Loyola, the organizing of the Commercial and Olympic club American football, and the abandonment of rugby by the Titan and Barabarian clubs has caused a lot of excitement among the football fans. The American game is being played more and more, figures to attract much of rugby's popularity.

At the present writing, Kid Rugby has been getting some very hard knocks. Only at the University of California and Santa Clara, together with the Olympic and Commercial clubs are playing the game. Of course, the high schools figure to keep up a great deal of the interest in the English game, but it is nearly certain that all the "prep" institutions will adopt the American game next year. Berkeley for several years has been in the forefront of the American game, and has already announced that they will shift next year, while Santa Clara and Stanford would welcome a patching up of their relations. Neither one wants to give in first, but the "dope" has it that the Stanford athletic teams are already in financial difficulties. The Stanford Athletic Association has already announced that they will shift to the American game next year, and the Titan and Barabarian clubs have already announced that they will shift to the American game next year.

SEALS MAKE IT THREE STRAIGHT ON ONE BINGLE

Charley Pruett Barely Misses No-hit Game, But Oaks Follow Habit.

In the fastest game played this year the Seals made it three in a row from the Oaks yesterday, a sharp hit to center by Justin Fitzgerald being the key. Corhan from second with the only run of the game. The game was played in 1 hour and 12 minutes.

Not until the eighth inning did the Seals make a move. When Corhan was walked, Schmidt then laid down a sacrifice, but Pruett then hit the third ball pitched past second, and when Jimmy Johnston threw wide to the plate Corhan scored. Pruett then scored on a third on the play, but "Big" Schaller struck out.

Corhan walked again in the eighth inning, but was nipped stealing second. With the exception of Corhan and Johnston, the Seals were as good as out during the whole game. As for Oakland, Seals was pitching almost as good as Corhan. He allowed only three hits, and they were for between Gardner singled in the second with two down, while Elliott singled in the third, but was out trying to make two bases on the hit. Middleton singled in the fourth with two down, while Johnston reached first on a walk and Gardner on a slider's choice in the eighth.

COMMERCIAL CLUB TO HAVE VETERAN HALVES IN ACTION

Bruzzese and Innell Promise to Make Trouble for U. C. Team Tomorrow.

When the Oakland Commercial Club faces the University of California team tomorrow, Bruzzese and Innell promise to make trouble for the U. C. team. Bruzzese, a former professional player, and Innell, a former professional player, are the veterans of the Commercial Club team. They are the only two players who have played for the Commercial Club in the past year. Bruzzese is a former professional player, and Innell is a former professional player. They are the only two players who have played for the Commercial Club in the past year.

<p>ORDER TO SHOW CAUSE. In the Superior Court of the State of California, and for the County of Alameda.</p>	<p>NOTICE—BIDS FOR 19TH AVENUE IMPROVEMENT. The Council of the City of Oakland will receive, sealed bids on Thursday, September 10, 1908, at 10 o'clock a. m., for the improvement of the 19th Avenue, from the City of Oakland, Alameda County, California, to the intersection of the 19th Avenue and the 19th Street, in the City of Oakland, Alameda County, California.</p>	<p>SUMMONS. In the Superior Court of the State of California, in and for the County of Alameda.</p>
---	---	--

In the matter of the estate of Martin
 W. Buren Taylor, deceased.
 I, J. W. CUMMINGS, City Clerk, do hereby
 advise on petition for
 appointment of executor and personal prop-
 erty guardian.
 That Martin Taylor, deceased, was administrated
 on the estate of Martin W. Buren Taylor
 deceased, having the said petition for the sale
 of the real and personal property of the said
 estate of Martin Taylor, deceased, for the purposes
 of the said petition.
 I am hereby notified that all persons
 claiming an interest in the above entitled Court
 cause, or who are in any way interested, situated
 in the County of Oakland, California, are hereby
 notified that the said Court cause is now being
 heard in the County of Oakland, California, at the
 Court House, in the City of Oakland, California,
 on the 10th day of January, 1916, at 10 o'clock
 A. M., and 12 M., for furnish-
 ing all materials and labor for the im-
 provement of the northern right-of-way line of the
 Central Pacific Railway Co. to the U. S.
 Bulkhead line, established in 1863.
 The specifications for the work proposed
 will be furnished by City Clerk
 on application. A bond for 25% of the
 contract for faithful performance to be
 completed within 180 days after date of
 award, to be entered into within 5 days after
 award. Work to be commenced within
 15 days after date of contract and to be
 completed within 180 days after date of
 award.
 I, W. CUMMINGS, City Clerk.
 102-32 1st St.

 claiming an interest in the above entitled Court
 cause, or who are in any way interested, situated
 in the County of Oakland, California, are hereby
 notified that the said Court cause is now pending
 in the County of Oakland, California, in the
 Court of Probate, at the County Clerk's Office,
 in and for the County of Oakland, California,
 at the City of Oakland, California, on the
 10th day of August, 1916, at 10 o'clock A. M.
 and 12 M. for furnishing
 all materials and labor for the im-
 provement of the street known as
 the northern right-of-way line of the
 Central Pacific Railway Co. to the U. S.
 Bulkhead line, established in 1863.
 The specifications for the work proposed
 will be furnished by City Clerk
 on application. A bond for 25% of the
 contract for faithful performance to be
 made by the contractor, and the contract
 to be entered into within 5 days after
 award. Work to be commenced within
 10 days after date of contract and to be
 completed within 60 days after date of
 award.
 I, W. CUMMINGS, City Clerk.

FRUIT DEMAND LESSENED BY YOM KIPPUR

The Jewish holiday, Yom Kippur, greatly lessened the demand for fruit in New York City today, and the situation as far as the commission men were concerned was not very bright.

NEW YORK, Sept. 17.—The Jewish holiday, Yom Kippur, greatly lessened the demand for fruit in New York City today, and the situation as far as the commission men were concerned was not very bright.

WITHDRAWS HER DIVORCE CHARGES

Wife of C. H. Wilder Granted
Decree on Complaint Al-
laging Desertion.

Withdrawing at the last moment her seasonal cross-complaint in the suit for divorce filed against her last June by the Hon. H. Wilder, and subsequently dismissed, Mrs. C. H. Wilder, wife of C. H. Wilder, local society man, today, when he dissolved an infatuation obtained by her, in which he alleged that he had not contested the proceedings because of his wife's promise to return to him. The court declared he saw no reason why Mrs. Shorb should have her final decree. During the progress of the case a year ago Judge Van Nostrand received many threatening letters, as did also Shorb's attorney, Charles A. Lee.

Mrs. Shorb Is Near to Her Final Decree

SAN FRANCISCO, Sept. 17.—Superior Judge Van Nostrand paved the way for the granting of a final decree of divorce to Mrs. Adeline D. Shorb, wife of D. McE. Shorb, local society man, today, when he dissolved an infatuation obtained by her, in which he alleged that he had not contested the proceedings because of his wife's promise to return to him. The court declared he saw no reason why Mrs. Shorb should have her final decree. During the progress of the case a year ago Judge Van Nostrand received many threatening letters, as did also Shorb's attorney, Charles A. Lee.

PAROCHIAL CHILDREN TO APPEAR IN COMEDY

"The Search for Mother Goose," a comedy in two acts, will be given by fifteen children of St. Joseph's Parish in Assembly Hall in the afternoon of September 15 at 3:30 o'clock. Fancy dancing, singing and recitations will be introduced between acts. After the play the children will join in folk dancing and games. The entertainment is under the direction of Mrs. J. D. Lillenthal, assisted by Miss Burdett, Miss Murry, Miss McGowan and Miss Luperon.

HUSBAND ENDS LIFE.
SAN FRANCISCO, Sept. 17.—Separated from his wife for a week and a half, a carpenter of 3501 Twenty-fourth street, killed a few valuable words the words good-bye and committed suicide.

JOINT CONFERENCE TO DECIDE ON PARK MUSIC

Davie Has No Power to Control Concerts Without Board's Permission

Members of the Board of Park Directors and the City Commissioners will hold a conference in the office of Mayor Davie Monday night to decide whether it will be possible to continue the band concerts. The concert today will be provided by the St. Paul's church choir as the park board has no money available for another concert.

The agreement to confer on the matter was reached today after the park board had given in detail an explanation of what is to be done with the \$117,000.35 available in the park fund. It was agreed that there will be a deficit of \$59,912.41 when the board is working with the chosen economy to maintain the parks and without making provision for the band concerts.

Commissioner Edwards stated that he believed the money could be provided out of the park budget. He will make an effort at the conference Monday night to show the park directors how they can save enough to provide concerts. Dr. Samuel H. Buteau, president of the board, informed the commissioners that he rested entirely with the mayor the park concerts should be continued and that the park board was willing to cooperate if the commissioners would supply the necessary funds.

MAYOR HAVE CONSENT.
Mayor Davie was summarily informed that he could not give concerts in the public parks without the consent of the park directors. The mayor yesterday declared that he was going to take the matter out of the hands of the park board and give the concerts himself with money from the entertainment fund. Walter D. Cole, one of the park directors who is an attorney as well, informed the mayor that the park board has entire authority over the parks and that no concerts can be given without the authorization of the board.

"We are willing to co-operate in the service of the city," said Dr. Buteau. "We do not care who gets the credit. We are willing to divide our authority with you, but you will have to provide the money."

Mayor Davie asked the park directors why they had announced that last Sunday would be the final concert without consulting with him. It was explained to him by Dr. Buteau and Director Cole that they had made every effort to hold a conference with him, had telephoned and sent messages, and had sat in his office for half an hour waiting for an audience, but had not been given an opportunity of conferring with him.

"Why did you announce that Sunday was the last concert?" demanded Mayor Davie. "I am told that people left the park with bad feelings in their eyes because they would not be given this pleasant Sunday concert any more."

SOUGHT THE MAYOR.
"We endeavored to consult with you," said Director Cole, "but we did not succeed. It was a matter of money and as we did not have the money we were helpless. In order to obtain a substitute for the concerts we were willing to have the school bands go in there on Sunday, but the Musicians' Union objected, and I think properly."

"We attempted to see the mayor several times," Dr. Buteau started to explain.

"Why did you not use the telephone?" asked the Mayor.

"We did so on several occasions," said Buteau.

"Well, I have been a very busy man," said Mayor Davie. "I have had more to do than any other mayor in the last ten years. I am a busy man and will not like to set anybody, I have not always the time."

"We called repeatedly," returned Dr. Buteau. "We even sat in the anteroom of your chambers for 25 minutes. We had arrived before some other people, but every other person, save one who was waiting, was given an audience."

"Did you see any of the other commissioners?" demanded Mayor Davie.

"We saw Commissioner Edwards and Dr. Jackson, and Mr. Edwards went on."

Dr. Tedford to Face Perjury Inquiry

SAN FRANCISCO, Sept. 17.—Dr. Sarah J. Tedford faces an investigation on an alleged perjury charge by the grand jury as the result of her activity on behalf of Mrs. Louise K. Thompson, claiming to be a daughter of millionaire John Keith. Judge Coffey continued the case until next Wednesday today after Dr. Tedford had become much confused on the witness stand. An alleged long-distance conversation between Berkeley and Los Angeles may form the basis for the perjury inquiry.

BLAZE OF A THOUSAND CANDLES TO AID BABIES

Did you ever try to guess at the length of time a candle will burn? It is quite a knack and requires a great deal of judgment and the most knowledge to guess very accurately. All sorts and sizes and colors of candles will be lighted at the Oakland Baby Hospital Bazaar in the Civic Auditorium Arena from Friday morning, October 15 to Saturday night at 11 p. m., October 16. This attraction will be known as "The Gift Booth of a Thousand Candles." It is the first time one has ever been held on the Pacific coast. Some one prominent man or woman will be selected to light each candle. Mayor Davie will be requested to light the little Miss Oakland candle, which will be one of the three-foot big ones and whose flames the nearest to the actual time consumed in the burning of this candle will receive for their skill in guessing, the Miss Oakland doll.

proportioned and for returning this amount to the treasury."

"Vote of thanks," said Commissioner Edwards, "that's nonsense."

The roll was called and a vote of thanks was rendered.

The city council today authorized the payment of \$11,577.67 from the general fund, street department appropriation, to Bates, England & Ayer.

THE BOARD FIGURES.
"I want to present to you," continued Cole, "the figures of our budget. We obtained from the budget, including delinquent taxes which will not be available for a long time to come, the sum of \$18,500. We have on hand \$21,005.76, making a total, including delinquent taxes, of \$39,506.76. The estimated delinquent taxes will amount to \$780. Subtracting this from the above amount, we can not avail ourselves of the delinquent tax until it comes in next year, we have a total available of \$38,726.76. Our expenses have been reduced to the following: backdoor figure on payments on land contracts, \$89,384.55, necessary for maintenance including labor and material and \$3500 already expended for band concerts, \$35,436.45; auditorium expense, \$10,100.50; for Lakeside park improvement, including building of a wall, walks and the lighting of the canoe house, \$5167.50; for San Antonio park, oiling walks, money already spent, \$200; Lakeside Yellow, already spent, \$100; cost of the lake already spent, \$232, making a total expense necessary of \$175,609."

"This leaves a deficit, not including the delinquent taxes of \$39,506.76. If all the delinquent taxes estimated come in, we will only have \$488.78 to provide for all emergencies that may arise."

MIGHT DO PEOPLE GOOD.
"It might do the people good to get along without a band concert for one Sunday," suggested Commissioner Jackson. "It would make them appreciate what the concert is worth. It might do the people good to attend a sacred concert such as you are planning for next Sunday."

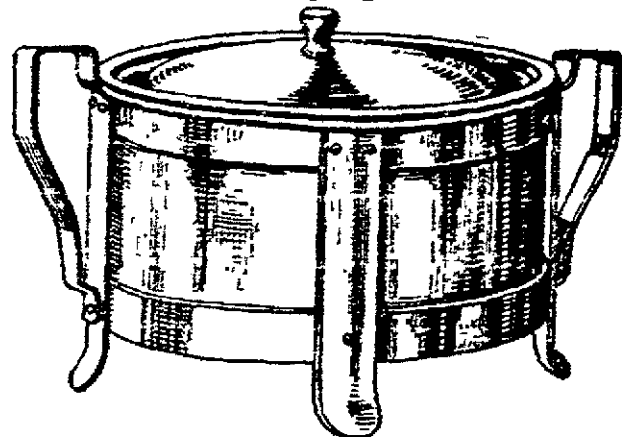

"Will the commissioners attend?" asked Dr. Buteau laughing, and then added: "The park directors will be very glad to announce if possible that it is probable the band concerts will be resumed after next Sunday, but that probability depends entirely upon the action of this council to be taken after the conference Monday night."

The council rescinded its action of several months ago revoking the saloon license of McCaffery & McCaffery, as the superior court has held that it acted beyond its jurisdiction in revoking the license. Thursday was set for a hearing as to the sufficiency of the signatures to a petition from the people of the neighborhood asking that the saloon license be cancelled.

A communication was received from the Alameda county publicity committee which had charge of the Skyline Boulevard celebration, returning \$58.82 to the council from the appropriation of \$1500, which had been voted for the celebration.

"That's most unusual," declared Commissioner Baccus. "I move that a vote of thanks be given this committee for its economy in handling the money ap-

Saturday Special—

Aluminum Casserole 95c and Container

Pure aluminum polished, looks like silver. The Casserole measured 6 1/2 inches across top and is 3 inches deep; has close fitting cover and sets in container as illustrated. Container has two handles. A popular family size. An exceptional value.

300 to be sold Saturday only—base-
ment. No telephone or C. O. D. orders.
No delivery—one to a customer.

5c, 10c and 15c Counters

In our basement housefurnishings dept.

offer exceptional values for tomorrow—handy, useful things in lamp, chair, dresser, chest, cabinet, etc. You will find our basement a pleasant place to shop—light, plenty of room, well ventilated and quick service.
